## BOREDOM BUSTING CUP TOWER CHALLENGE

Create a tower of cups and cards, then see if you have the skill to remove the cards without knocking down the tower!

### YOU'LL NEED:

- 5 Plastic Cups
- 4 Index Cards

### SETTING UP THE TOWER:

1. Place a cup upside down on a level surface.
2. Lay an index card on top of the cup.
3. Repeat these steps until all cards and cups are stacked.

### BRINGING DOWN THE TOWER

1. QUICKLY pull the card out from under the top cup.
2. If you do it carefully enough, it will drop straight down onto the cup below.
3. Continue pulling each card away. Can you stack all the cups without knocking down the tower?
