

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

**Product Identifier:** Target – Cozy Night Scented Candle  
**Other means of identification:** C1342(00)  
**Uses:** Air care product  
**Details of the supplier of the safety data sheet:** Meller Design Solutions Limited  
42 Chagford Street  
London  
NW1 6EB  
**Telephone:** +44 (0)844 335 0252  
**Emergency telephone:** +44 111 (national)

## SECTION 2: Hazards Identification

### Classification of the mixture

This product is classified under 29CFR 1910.1200(d) as follows:

**Class and category of danger:** Not classified.  
**Hazard Pictograms:** None required.  
**Signal Word:** None required.  
**Hazard Statements:** None required.  
**Precautionary Statements:** Keep out of reach of children.  
**Hazards not otherwise classified (HNOC):** None.

## SECTION 3: Composition/Information on Ingredients

**Description of the mixture:** Multi-component mixture of aromatic materials and waxes.

### Contains:

| Substance name                          | CAS- No.   | % w/w    | GHS Classification                                            |
|-----------------------------------------|------------|----------|---------------------------------------------------------------|
| Hexyl Cinnamal                          | 101-86-0   | 0.401196 | Skin Sens. 1B: H317                                           |
| Ethyl vanillin                          | 121-32-4   | 0.3      | Eye Irrit. 2A: H319                                           |
| Tetramethyl Acetyloctahydronaphthalenes | 54464-57-2 | 0.273    | Skin Irrit. 2A: H315, Skin Sens. 1B: H317                     |
| Linalool                                | 78-70-6    | 0.140178 | Skin Irrit. 2: H315, Skin Sens. 1B: H317, Eye Irrit. 2A: H319 |
| Linalyl acetate                         | 115-95-7   | 0.129108 | Skin Irrit. 2: H315, Skin Sens. 1B: H317, Eye Irrit. 2A: H319 |

## SECTION 4: First Aid Measures

### Description of first aid measures

Following inhalation: Remove victim to fresh air, keep at rest, and obtain medical attention.  
Following skin contact: IF ON SKIN: Wash with plenty of soap and water.  
Following eye contact: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.  
Following ingestion: Rinse mouth with water and obtain medical attention. Do not give anything by mouth to an unconscious person.

### Most important symptoms and effects, both acute and delayed

None known.

### Indication of any immediate medical attention and special treatment needed

Notes for the doctor: Treat symptomatically.  
Special treatment: None identified.

## SECTION 5: Fire fighting measures

### Extinguishing media:

Suitable extinguishing media: Carbon dioxide, Dry chemical.  
Unsuitable extinguishing media: Water, foam.

### Special hazards:

Hazardous combustion products: Oxides of carbon and unidentified organic compounds may be formed.

### Advice for fire-fighters:

Additional Information: In case of insufficient ventilation, wear suitable respiratory equipment.

---

## SECTION 6: Accidental release measures

### Personal precautions, protective equipment and emergency procedure:

Avoid inhalation. Avoid contact with the skin and eyes. See protective measures under Section 7 and 8.

### Methods and material for containment and cleaning up:

Remove ignition sources Provide adequate ventilation. Avoid excessive inhalation of vapours. Contain spillage immediately by use of sand or inert powder. Dispose of according to local regulations.

---

## SECTION 7: Handling and storage

### Precautions for safe handling:

Keep away from heat, sparks, open flames and hot surfaces. - No smoking. Use personal protective equipment as required. Use in accordance with good manufacturing and industrial hygiene practices. Use in areas with adequate ventilation Do not eat, drink or smoke when using this product.

### Conditions for safe storage, including any incompatibilities:

Store in a well-ventilated place. Keep container tightly closed. Keep cool. Ground/bond container and receiving equipment. Use explosion-proof electrical, ventilating and lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge.

---

## SECTION 8: Exposure controls/personal protection

### Control parameters

### Exposure guidelines

This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

### Other exposure guidelines

Not information available.

### Exposure controls

### Engineering measures:

Showers, eyewash stations, ventilation systems.

### Individual protection measures, such as personal protective equipment:

#### Eye/Face and Skin Protection

Wear protective gloves/eye protection/face protection, and suitable protective clothing.

#### Respiratory protection

If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. A NIOSH-approved air-purifying respirator with an organic vapor cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air-purifying respirators is limited. Use a positive pressure, air-supplied respirator if there is any potential for uncontrolled release, exposure levels are not known or any other circumstances where air-purifying respirators may not provide adequate protection.

#### Hygiene measures

Handle in accordance with good industrial hygiene and safety practice.

---

## SECTION 9: Physical and chemical properties

### Physical and chemical properties

|                                          |                                     |
|------------------------------------------|-------------------------------------|
| Appearance – Physical state:             | Solid                               |
| Appearance – Color:                      | Colourless to pale yellow           |
| Odor:                                    | Characteristic                      |
| Odor threshold:                          | Not determined                      |
| pH:                                      | Not determined, non-aqueous mixture |
| Melting point:                           | ca. 50°C                            |
| Initial boiling point/boiling range:     | Not determined                      |
| Flash point:                             | >93°C/199.4°F                       |
| Evaporation rate:                        | Not determined                      |
| Vapour pressure:                         | Not determined                      |
| Vapour density:                          | Not determined                      |
| Relative density:                        | ca. 0.92 g/cm <sup>3</sup>          |
| Solubility in water:                     | Not soluble                         |
| Partition co-efficient: n-octanol/water: | Not determined                      |
| Auto ignition temperature:               | Not determined                      |
| Viscosity:                               | Not determined                      |
| Explosive properties:                    | Not determined                      |
| Oxidising properties:                    | Not applicable                      |

**Other information:** None available

---

## SECTION 10: Stability and reactivity

|                                     |                                                                        |
|-------------------------------------|------------------------------------------------------------------------|
| Reactivity:                         | Not reactive under normal storage conditions or in contact with water. |
| Chemical stability:                 | Stable under normal storage conditions.                                |
| Possibility of hazardous reactions: | Stable under normal storage and use conditions.                        |
| Conditions to avoid:                | Avoid extreme heat.                                                    |
| Incompatible materials:             | Avoid contact with strong acids, alkalis, or oxidising agents.         |
| Hazardous decomposition products:   | None known.                                                            |

---

## SECTION 11: Toxicological information

This mixture has not been tested as a whole for health effects. The health effects have been calculated using the methods outlined in 29 CFR 1910.1200.

### Information on toxicological effects

|                                           |                                                                  |
|-------------------------------------------|------------------------------------------------------------------|
| <b>Acute toxicity:</b>                    | Based on available data the classification criteria are not met. |
| Acute Toxicity Oral                       | >5000                                                            |
| Acute Toxicity Dermal                     | >5000                                                            |
| Acute Toxicity Inhalation                 | Not Available                                                    |
| <b>Skin corrosion/irritation:</b>         | Based on available data the classification criteria are not met. |
| <b>Serious eye damage/irritation:</b>     | Based on available data the classification criteria are not met. |
| <b>Respiratory or skin sensitisation:</b> | Based on available data the classification criteria are not met. |
| <b>Germ cell mutagenicity:</b>            | Based on available data the classification criteria are not met. |
| <b>Carcinogenicity:</b>                   | Based on available data the classification criteria are not met. |
| <b>Reproductive toxicity:</b>             | Based on available data the classification criteria are not met. |
| <b>STOT-single exposure:</b>              | Based on available data the classification criteria are not met. |
| <b>STOT-repeated exposure:</b>            | Based on available data the classification criteria are not met. |
| <b>Aspiration hazard:</b>                 | Based on available data the classification criteria are not met. |

**Additional Information**                      None available.

---

## SECTION 12: Ecological information

**Ecotoxicity:** Based on available data the classification criteria are not met.  
**Persistence and degradability:** Not available  
**Bioaccumulative potential:** Not available  
**Mobility in soil:** Not available  
**Other adverse effects:** No known significant effects or critical hazards.

---

## SECTION 13: Disposal considerations

### Waste treatment

Dispose of in accordance with local regulations. Avoid disposing into drainage systems and into the environment. Empty containers and batteries should be taken to an approved waste handling site for recycling or disposal. DO NOT INCINERATE.

---

## SECTION 14: Transport information

|                      | 14.1 UN Number | 14.2 UN Proper Shipping Name | 14.3 Transport hazard class(es) | Sub Risk: | 14.4 Packaging Group |
|----------------------|----------------|------------------------------|---------------------------------|-----------|----------------------|
| UN Model Regulations | Not classified |                              |                                 |           |                      |
| US DOT               | Not classified |                              |                                 |           |                      |
| US DOT (Bulk)        | Not classified |                              |                                 |           |                      |
| IMDG                 | Not classified |                              |                                 |           |                      |
| ADR, RID, AND        | Not classified |                              |                                 |           |                      |
| ICAO TI              | Not classified |                              |                                 |           |                      |

US DOT refers to domestic transport by road/rail within the 48 ground states.

US DOT (Bulk) refers to domestic bulk transport by road/rail within the 48 ground states.

According to Packaging Instruction 968 section 1B of IATA/ICAO, transport by cargo aircraft only.

The lithium metal cells contained within the product are compliant with UN 38.3 and of a size and power that they meet Special Provision 188 of IMDG and ADR, and US DOT requirements for smaller battery thresholds. This allows for reduced labelling as advised in the relevant regulations.

**Environmental hazards:** Not environmentally hazardous for transport  
**Special precautions for user:** None additional  
**Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code:** Not classified

---

## SECTION 15: Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

Volatile Organic Compounds content: 0.2%  
Water Hazard Class (WGK): 3

**Additional information:** No additional information

---

## SECTION 16: Other information

**Issue number:** 1  
**Issued date:** 02/04/2025

**Changes from previous issue:** New

The information given in this safety data sheet is based on the present state of knowledge and experiences but no guarantee can be given that the information is complete. It is in the customer's own interest to make sure that the information is sufficient for the purpose which the product shall be used. It is the responsibility of the user to fulfil any requirements according to current legislation.

**Safety Data Sheet**

**End of Safety Data Sheet**

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

**Product Identifier:** Target – Cozy Nights Hand Lotion  
**Other means of identification:** B2222(00)  
**Uses:** Personal care product  
**Details of the supplier of the safety data sheet:** Meller Design Solutions  
42 Chagford Street  
London  
NW1 6EB  
**Telephone:** +44 (0)844 335 0252  
**Emergency telephone:** +44 111 (national)

## SECTION 2: Hazards Identification

### Classification of the mixture

This product is classified under 29CFR 1910.1200(d) as follows:

**Class and category of danger:** Not classified.  
**Hazard Pictograms:** None required.  
**Signal Word:** None required.  
**Hazard Statements:** None required.  
**Precautionary Statements:** Keep out of reach of children.  
**Hazards not otherwise classified (HNO):** None.

## SECTION 3: Composition/Information on Ingredients

**Description of the mixture:** Multi-component emulsion.

### Contains:

| Substance name  | CAS- No.  | % w/w      | GHS Classification                                           |
|-----------------|-----------|------------|--------------------------------------------------------------|
| Benzyl alcohol  | 100-51-6  | 0.30135075 | Eye Irrit. 2A: H319, Acute Tox O4: H302, Skin Sens. 1B: H317 |
| Phenoxyethanol  | 122-99-6  | 0.2        | Acute Tox. O4: H302, Eye Dam. 1: H318, STOT SE 3 RTI: H335   |
| Caprylyl glycol | 1117-86-8 | 0.1984     | Eye Irrit. 2A: H319                                          |

## SECTION 4: First Aid Measures

### Description of first aid measures

Following inhalation: Remove victim to fresh air, keep at rest, and obtain medical attention.  
Following skin contact: IF ON SKIN: Wash with plenty of soap and water.  
Following eye contact: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.  
Following ingestion: Rinse mouth with water and obtain medical attention. Do not give anything by mouth to an unconscious person.

### Most important symptoms and effects, both acute and delayed

None identified.

### Indication of any immediate medical attention and special treatment needed

Notes for the doctor: Treat symptomatically.  
Special treatment: None identified.

## SECTION 5: Fire fighting measures

### Extinguishing media:

Date of printing: 02/04/2025

**Safety Data Sheet**  
In accordance with 29CFR 1910.1200

Rev. 001

**Issue date: 02/04/2025**  
Target – Cozy Nights Hand Lotion  
**Issue: 1**

Suitable extinguishing media: Carbon dioxide, Dry chemical, Foam, Water.  
Unsuitable extinguishing media: None known.

**Special hazards:**

Hazardous combustion products: Oxides of carbon and unidentified organic compounds may be formed.

**Advice for fire-fighters:**

Additional Information: In case of insufficient ventilation, wear suitable respiratory equipment.

---

## SECTION 6: Accidental release measures

**Personal precautions, protective equipment and emergency procedure:**

Avoid inhalation. Avoid contact with the skin and eyes. See protective measures under Section 7 and 8.

**Methods and material for containment and cleaning up:**

Remove ignition sources Provide adequate ventilation. Avoid excessive inhalation of vapours. Contain spillage immediately by use of sand or inert powder. Dispose of according to local regulations.

---

## SECTION 7: Handling and storage

**Precautions for safe handling:**

Use personal protective equipment as required. Use in accordance with good manufacturing and industrial hygiene practices. Use in areas with adequate ventilation Do not eat, drink or smoke when using this product.

**Conditions for safe storage, including any incompatibilities:**

Store in a well-ventilated place. Keep container tightly closed. Keep cool.

---

## SECTION 8: Exposure controls/personal protection

**Control parameters**

**Exposure guidelines**

This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

**Other exposure guidelines**

Not information available.

**Exposure controls**

**Engineering measures:**

Showers, eyewash stations, ventilation systems.

**Individual protection measures, such as personal protective equipment:**

**Eye/Face and Skin Protection**

Wear protective gloves/eye protection/face protection, and suitable protective clothing.

**Respiratory protection**

If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. A NIOSH-approved air-purifying respirator with an organic vapor cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air-

purifying respirators is limited. Use a positive pressure, air-supplied respirator if there is any potential for uncontrolled release, exposure levels are not known or any other circumstances where air-purifying respirators may not provide adequate protection.

#### Hygiene measures

Handle in accordance with good industrial hygiene and safety practice.

---

## SECTION 9: Physical and chemical properties

### Physical and chemical properties

|                                          |                        |
|------------------------------------------|------------------------|
| Appearance – Physical state:             | Cream, emulsion        |
| Appearance – Color:                      | White                  |
| Odor:                                    | Characteristic         |
| Odor threshold:                          | Not determined         |
| pH:                                      | 5.5                    |
| Melting point:                           | Not determined         |
| Initial boiling point/boiling range:     | Not determined         |
| Flash point:                             | > 93°C/199.4°F         |
| Evaporation rate:                        | Not determined         |
| Vapour pressure:                         | Not determined         |
| Vapour density:                          | Not determined         |
| Relative density:                        | 0.99 g/cm <sup>3</sup> |
| Solubility in water:                     | Readily miscible       |
| Partition co-efficient: n-octanol/water: | Not determined         |
| Auto ignition temperature:               | Not determined         |
| Viscosity:                               | 22000 mPa.s            |
| Explosive properties:                    | Not determined         |
| Oxidising properties:                    | Not applicable         |
| <b>Other information:</b>                | None available         |

---

## SECTION 10: Stability and reactivity

|                                     |                                                                        |
|-------------------------------------|------------------------------------------------------------------------|
| Reactivity:                         | Not reactive under normal storage conditions or in contact with water. |
| Chemical stability:                 | Stable under normal storage conditions.                                |
| Possibility of hazardous reactions: | Stable under normal storage and use conditions.                        |
| Conditions to avoid:                | Avoid extreme heat.                                                    |
| Incompatible materials:             | Avoid contact with strong acids, alkalis, or oxidising agents.         |
| Hazardous decomposition products:   | None known.                                                            |

---

## SECTION 11: Toxicological information

This mixture has not been tested as a whole for health effects. The health effects have been calculated using the methods outlined in 29 CFR 1910.1200.

### Information on toxicological effects

|                                           |                                                                  |
|-------------------------------------------|------------------------------------------------------------------|
| <b>Acute toxicity:</b>                    | Based on available data the classification criteria are not met. |
| Acute Toxicity Oral                       | >5000                                                            |
| Acute Toxicity Dermal                     | >5000                                                            |
| Acute Toxicity Inhalation                 | Not Available                                                    |
| <b>Skin corrosion/irritation:</b>         | Based on available data the classification criteria are not met. |
| <b>Serious eye damage/irritation:</b>     | Based on available data the classification criteria are not met. |
| <b>Respiratory or skin sensitisation:</b> | Based on available data the classification criteria are not met. |
| <b>Germ cell mutagenicity:</b>            | Based on available data the classification criteria are not met. |
| <b>Carcinogenicity:</b>                   | Based on available data the classification criteria are not met. |

**Changes from previous issue:** New

The information given in this safety data sheet is based on the present state of knowledge and experiences but no guarantee can be given that the information is complete. It is in the customer's own interest to make sure that the information is sufficient for the purpose which the product shall be used. It is the responsibility of the user to fulfil any requirements according to current legislation.

**End of Safety Data Sheet**

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

**Product Identifier:** Target- Cozy Nights Hand Soap  
**Other means of identification:** B2216(00)  
**Uses:** Personal care product  
**Details of the supplier of the safety data sheet:** Meller Design Solutions Limited  
42 Chagford Street  
London  
NW1 6EB  
**Telephone:** +44 (0)1234 227100  
**Emergency telephone:** +44 111 (national)

## SECTION 2: Hazards Identification

### Classification of the mixture

This product is classified under 29CFR 1910.1200(d) as follows:

**Class and category of danger:** Skin irritation, category 2  
Skin sensitization, category 1  
Eye irritation, category 2A

### Hazard Pictograms:

### Signal Word:

### Hazard Statements:

Warning

Causes skin irritation.

May cause an allergic skin reaction.

Causes serious eye irritation.

### Precautionary Statements:

Wash hands thoroughly after handling.

Contaminated work clothing should not be allowed out of the workplace.

Wear protective gloves/protective clothing/eye protection/face protection.

IF ON SKIN: Wash with plenty of soap and water.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If skin irritation or rash occurs: Get medical advice/attention.

If eye irritation persists: Get medical advice/attention.

Take off contaminated clothing and wash it before reuse.

### Hazards not otherwise classified (HNOC):

None.

## SECTION 3: Composition/Information on Ingredients

**Description of the mixture:** Multi-component mixture of aromatic materials and detergents.

### Contains:

| Substance name                                                                                         | CAS- No.    | % w/w | GHS Classification                                            |

## SECTION 4: First Aid Measures

### Description of first aid measures

Following inhalation:

Remove victim to fresh air, keep at rest, and obtain medical attention.

Following skin contact:

IF ON SKIN: Wash with plenty of soap and water.

**Safety Data Sheet**  
In accordance with 29CFR 1910.1200

Rev. 001

Issue date: 31/03/2025  
Target – Cozy Nights Hand Soap  
Issue: 1

Following eye contact: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.  
Following ingestion: Rinse mouth with water and obtain medical attention. Do not give anything by mouth to an unconscious person.

**Most important symptoms and effects, both acute and delayed**

May cause an allergic skin reaction. May cause skin irritation. May cause eye irritation.

**Indication of any immediate medical attention and special treatment needed**

Notes for the doctor: Treat symptomatically.  
Special treatment: None identified.

---

## SECTION 5: Fire fighting measures

**Extinguishing media:**

Suitable extinguishing media: Carbon dioxide, Dry chemical, Foam, Water.  
Unsuitable extinguishing media: None known.

**Special hazards:**

Hazardous combustion products: Oxides of carbon and unidentified organic compounds may be formed.

**Advice for fire-fighters:**

Additional Information: In case of insufficient ventilation, wear suitable respiratory equipment.

---

## SECTION 6: Accidental release measures

**Personal precautions, protective equipment and emergency procedure:**

Avoid inhalation. Avoid contact with the skin and eyes. See protective measures under Section 7 and 8.

**Methods and material for containment and cleaning up:**

Remove ignition sources Provide adequate ventilation. Avoid excessive inhalation of vapours. Contain spillage immediately by use of sand or inert powder. Dispose of according to local regulations.

---

## SECTION 7: Handling and storage

**Precautions for safe handling:**

Use personal protective equipment as required. Use in accordance with good manufacturing and industrial hygiene practices. Use in areas with adequate ventilation Do not eat, drink or smoke when using this product.

**Conditions for safe storage, including any incompatibilities:**

Store in a well-ventilated place. Keep container tightly closed. Keep cool.

---

## SECTION 8: Exposure controls/personal protection

**Control parameters**

**Exposure guidelines**

| Substance name   | CAS- No.  | OSHA PEL            | Cal/OSHA PEL 8-hour TWA       | NIOSH REL up to 10-hour TWA   | ACGIH 2018 TLV 8-hour TWO     |
|------------------|-----------|---------------------|-------------------------------|-------------------------------|-------------------------------|
| Sodium hydroxide | 1310-73-2 | 2 mg/m <sup>3</sup> | 2 mg/m <sup>3</sup> (Ceiling) | 2 mg/m <sup>3</sup> (Ceiling) | 2 mg/m <sup>3</sup> (Ceiling) |

**Other exposure guidelines**

Not information available.

#### Exposure controls

#### Engineering measures:

Showers, eyewash stations, ventilation systems.

#### Individual protection measures, such as personal protective equipment:

#### Eye/Face and Skin Protection

Wear protective gloves/eye protection/face protection, and suitable protective clothing.

#### Respiratory protection

If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. A NIOSH-approved air-purifying respirator with an organic vapor cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air-purifying respirators is limited. Use a positive pressure, air-supplied respirator if there is any potential for uncontrolled release, exposure levels are not known or any other circumstances where air-purifying respirators may not provide adequate protection.

#### Hygiene measures

Handle in accordance with good industrial hygiene and safety practice.

---

## SECTION 9: Physical and chemical properties

### Physical and chemical properties

|                                          |                           |
|------------------------------------------|---------------------------|
| Appearance – Physical state:             | Liquid                    |
| Appearance – Color:                      | Colourless to pale yellow |
| Odor:                                    | Characteristic            |
| Odor threshold:                          | Not determined            |
| pH:                                      | 7.2                       |
| Melting point:                           | Not determined            |
| Initial boiling point/boiling range:     | Not determined            |
| Flash point:                             | > 93°C/199.4°F            |
| Evaporation rate:                        | Not determined            |
| Vapour pressure:                         | Not determined            |
| Vapour density:                          | Not determined            |
| Relative density:                        | 1.02 g/cm <sup>3</sup>    |
| Solubility in water:                     | Readily miscible          |
| Partition co-efficient: n-octanol/water: | Not determined            |
| Auto ignition temperature:               | Not determined            |
| Viscosity:                               | 5000 mPa.s                |
| Explosive properties:                    | Not determined            |
| Oxidising properties:                    | Not applicable            |

**Other information:** None available

---

## SECTION 10: Stability and reactivity

|                                     |                                                                        |
|-------------------------------------|------------------------------------------------------------------------|
| Reactivity:                         | Not reactive under normal storage conditions or in contact with water. |
| Chemical stability:                 | Stable under normal storage conditions.                                |
| Possibility of hazardous reactions: | Stable under normal storage and use conditions.                        |
| Conditions to avoid:                | Avoid extreme heat.                                                    |
| Incompatible materials:             | Avoid contact with strong acids, alkalis, or oxidising agents.         |
| Hazardous decomposition products:   | None known.                                                            |

| <b>STOT-repeated exposure:</b>            | Based on available data the classification criteria are not met. |
| <b>Aspiration hazard:</b>                 | Based on available data the classification criteria are not met. |
| <b>Additional Information</b>             | None available.                                                  |

## SECTION 12: Ecological information

|                                       |                                                                  |
|---------------------------------------|------------------------------------------------------------------|
| <b>Ecotoxicity:</b>                   | Based on available data the classification criteria are not met. |
| <b>Persistence and degradability:</b> | Not available                                                    |
| <b>Bioaccumulative potential:</b>     | Not available                                                    |
| <b>Mobility in soil:</b>              | Not available                                                    |
| <b>Other adverse effects:</b>         | No known significant effects or critical hazards.                |

## SECTION 13: Disposal considerations

### Waste treatment

Dispose of in accordance with local regulations. Avoid disposing into drainage systems and into the environment. Empty containers should be taken to an approved waste handling site for recycling or disposal.

## SECTION 14: Transport information

|                             | 14.1 UN Number | 14.2 UN Proper Shipping Name | 14.3 Transport hazard class(es) | Sub Risk: | 14.4 Packaging Group |
|-----------------------------|----------------|------------------------------|---------------------------------|-----------|----------------------|
| <b>UN Model Regulations</b> | Not classified |                              |                                 |           |                      |
| <b>US DOT</b>               | Not classified |                              |                                 |           |                      |
| <b>US DOT (Bulk)</b>        | Not classified |                              |                                 |           |                      |
| <b>IMDG</b>                 | Not classified |                              |                                 |           |                      |
| <b>ADR, RID, AND</b>        | Not classified |                              |                                 |           |                      |
| <b>ICAO TI</b>              | Not classified |                              |                                 |           |                      |

US DOT refers to domestic transport by road/rail within the 48 ground states.

US DOT (Bulk) refers to domestic bulk transport by road/rail within the 48 ground states.

|                                                                                 |                                             |
|---------------------------------------------------------------------------------|---------------------------------------------|
| <b>Environmental hazards:</b>                                                   | Not environmentally hazardous for transport |
| <b>Special precautions for user:</b>                                            | None additional                             |
| <b>Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code:</b> | Not classified                              |

## SECTION 15: Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

|                                     |         |
|-------------------------------------|---------|
| Volatile Organic Compounds content: | <0.001% |
| Water Hazard Class (WGK):           | 3       |

|                                |                           |
|--------------------------------|---------------------------|
| <b>Additional information:</b> | No additional information |
|--------------------------------|---------------------------|

## SECTION 16: Other information

**Safety Data Sheet**  
In accordance with 29CFR 1910.1200

Rev. 001

**Issue date: 31/03/2025**
