

This file contains following SDS's

1. Body Butter – Milk & honey
2. Body butter – Sea treasures
3. Body butter – Vanilla Bean
4. Body butter – Unscented
5. Body butter – Blood Orange
6. Body butter – Creamy Coconut & Oats
7. Body butter – Lavender Blossom
8. Body butter – Water flower and Sea Salt.

Safety Data Sheet

1 Identification

GHS Product Identifier

Dionis Goat Milk Skincare - Goat Milk Body Butter - Milk & Honey

Other means of identification

24P6215170.05

Recommended use of the chemical and restriction on use

Cosmetic, Personal Care

Supplier's details

PhytogenX Inc.
35 Thousand Oaks Boulevard
Morgantown, PA 19543
610-286-0111

Emergency phone number

Contact 911 or local emergency number

2 Hazard(s) identification

Classification of the substance or mixture

Not a hazardous product.

GHS label elements

Other hazards which do not result in classification

None known.

3 Composition/information on ingredients

Description	CAS Number	EINECS Number	%	Note
Not Applicable			0	There are no ingredients expected at hazardous levels.

4 First-aid measures

Description of necessary first-aid measures

Eye: Remove contact lenses if worn, if possible. Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

Skin Problem: Wash with soap and water. Discontinue use of product. Apply cold compresses to affected areas to relieve

any discomfort. If discomfort persists, contact a physician.

Ingestion: Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

Inhalation: If respiratory irritation occurs, move individual to fresh air. If discomfort persists, contact a physician.

Most important symptoms/effects, acute and delayed

None known.

Indication of immediate medical attention and special treatment needed, if necessary

No applicable information has been found.

5 Fire-fighting measures

Suitable extinguishing media

Extinguishing Media: Non- Flammable.

Explosion Hazard: None known.

Specific hazards arising from the chemical

No applicable information has been found.

Special protective actions for fire-fighters

No applicable information has been found.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation.

Environmental precautions

No applicable information has been found.

Methods and materials for containment and cleaning up

Household Settings: No applicable information has been found.

Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist, use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

7 Handling and storage

Precautions for safe handling

Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseeable use.

Non-Household Settings: Store at room temperature. Storage in large quantities (as in warehouses) should be in a well-

ventilated, cool area. Wear Safety glasses.

Conditions for safe storage, including any incompatibilities

Household Settings: No applicable information has been found.

Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

8 Exposure controls/personal protection

Control parameters

Exposure Limits: (Exposure limit values fluctuate by country. See local regulations.) None known.

Appropriate engineering controls

Nothing specific is required for normal use.

Individual protection measures

Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseeable use.

Non-Household Settings: Use safety glasses or safety goggles if splash hazard exist; use gloves and other protective clothing (apron, boots, etc.) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

9 Physical and chemical properties

Physical and chemical properties

Physical State: Non-flowable cream

Color: White

Odor: Characteristic (OnScent EE23-64172 Honeysuckle & Coconut @1.50%)

pH @ 25°C: 5.00-6.00

Viscosity @ 25°C Brookfield

Spindle # 94 @ 10 rpm, 60 seconds: 70,000-140,000

Vapor Pressure (mm Hg.): N/A

Vapor Density (AIR = 1):N/A

Boiling Point: N/A

Melting Point: N/A

Specific Gravity @ 25°C: 5.00-6.00

Flash Point: N/A

Evaporation Rate: >.1

Solubility in Water: Partially Soluble

10 Stability and reactivity

Reactivity

Not reactive.

Chemical stability

Stable under normal temperatures and pressures.

Possibility of hazardous reactions

No applicable information has been found.

Conditions to avoid

No applicable information has been found.

Incompatible materials

No applicable information has been found.

Hazardous decomposition products

No applicable information has been found.

11 Toxicological information**Toxicological (health) effects**

No applicable information has been found.

Information on the likely routes of exposure

No applicable information has been found.

Symptoms related to the physical, chemical and toxicological characteristics

No applicable information has been found.

Delayed and immediate effects and also chronic effects from short and long term exposure

No applicable information has been found.

Numerical measures of toxicity (such as acute toxicity estimates)

No applicable information has been found.

Interactive effects

No applicable information has been found.

Where specific chemical data are not available

No applicable information has been found.

Mixtures

No applicable information has been found.

Mixture versus ingredient information

No applicable information has been found.

Other information

No applicable information has been found.

12 Ecological information**Toxicity**

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management

practices. Additional information is available from the supplier on request.

Persistence and degradability

No applicable information has been found.

Bioaccumulative potential

No applicable information has been found.

Mobility in soil

No applicable information has been found.

Other adverse effects

No applicable information has been found.

13 Disposal considerations**Disposal methods**

Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.

Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

14 Transport information**Non-Hazardous**

UN Number: Not applicable.

Class: Not applicable.

Packing group: Not applicable.

Proper shipping name: Not applicable.

Environmental Hazards: No applicable information has been found.

Special Precautions: No applicable information has been found.

Transport in bulk: No applicable information has been found.

15 Regulatory information**Safety, health and environmental regulations specific for the product in question****US Federal**

The products described in this Material Safety Data Sheet are regulated under the Federal Food, Drug and Cosmetics Act and are safe to use as per directions on container, box or accompanying literature (where applicable).

16 Other information**Other information**

This information is provided for documentation purposes only. This cosmetic product it is not considered hazardous. The complete range of conditions or methods of use are beyond our control therefore we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however, all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof.

Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

This Safety Data Sheet has been prepared in accordance with 29CFR 1910-1200

4 First-aid measures

Description of necessary first-aid measures

Eye: Remove contact lenses if worn, if possible. Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

Skin Problem: Wash with soap and water. Discontinue use of product. Apply cold compresses to affected areas to relieve

any discomfort. If discomfort persists, contact a physician.

Ingestion: Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

Inhalation: If respiratory irritation occurs, move individual to fresh air. If discomfort persists, contact a physician.

Most important symptoms/effects, acute and delayed

None known.

Indication of immediate medical attention and special treatment needed, if necessary

No applicable information has been found.

5 Fire-fighting measures

Suitable extinguishing media

Extinguishing Media: Non- Flammable.

Explosion Hazard: None known.

Specific hazards arising from the chemical

No applicable information has been found.

Special protective actions for fire-fighters

No applicable information has been found.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation.

Environmental precautions

No applicable information has been found.

Methods and materials for containment and cleaning up

Household Settings: No applicable information has been found.

Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist, use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

7 Handling and storage

Precautions for safe handling

Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseeable use.

Non-Household Settings: Store at room temperature. Storage in large quantities (as in warehouses) should be in a well-

ventilated, cool area. Wear Safety glasses.

Conditions for safe storage, including any incompatibilities

Household Settings: No applicable information has been found.

Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

8 Exposure controls/personal protection

Control parameters

Exposure Limits: (Exposure limit values fluctuate by country. See local regulations.) None known.

Appropriate engineering controls

Nothing specific is required for normal use.

Individual protection measures

Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseeable use.

Non-Household Settings: Use safety glasses or safety goggles if splash hazard exist; use gloves and other protective clothing (apron, boots, etc.) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

9 Physical and chemical properties

Physical and chemical properties

Physical State: Non-flowable cream

Color: White

Odor: Characteristic (Sicilian Blood Orange EU CF0055476 @ 1.25%)

pH @ 25°C: 5.00-6.00

Viscosity @ 25°C Brookfield

Spindle # 94 @ 10 rpm, 60 seconds: 100,000-150,000

Vapor Pressure (mm Hg.): N/A

Vapor Density (AIR = 1):N/A

Boiling Point: N/A

Melting Point: N/A

Specific Gravity @ 25°C: 0.85-0.95

Flash Point: N/A

Evaporation Rate: >.1

Solubility in Water: Partially Soluble

10 Stability and reactivity

Reactivity

Not reactive.

Chemical stability

Stable under normal temperatures and pressures.

Possibility of hazardous reactions

No applicable information has been found.

Conditions to avoid

No applicable information has been found.

Incompatible materials

No applicable information has been found.

Hazardous decomposition products

No applicable information has been found.

11 Toxicological information**Toxicological (health) effects**

No applicable information has been found.

Information on the likely routes of exposure

No applicable information has been found.

Symptoms related to the physical, chemical and toxicological characteristics

No applicable information has been found.

Delayed and immediate effects and also chronic effects from short and long term exposure

No applicable information has been found.

Numerical measures of toxicity (such as acute toxicity estimates)

No applicable information has been found.

Interactive effects

No applicable information has been found.

Where specific chemical data are not available

No applicable information has been found.

Mixtures

No applicable information has been found.

Mixture versus ingredient information

No applicable information has been found.

Other information

No applicable information has been found.

12 Ecological information**Toxicity**

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management

practices. Additional information is available from the supplier on request.

Persistence and degradability

No applicable information has been found.

Bioaccumulative potential

No applicable information has been found.

Mobility in soil

No applicable information has been found.

Other adverse effects

No applicable information has been found.

13 Disposal considerations**Disposal methods**

Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.

Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

14 Transport information**Non-Hazardous**

UN Number: Not applicable.

Class: Not applicable.

Packing group: Not applicable.

Proper shipping name: Not applicable.

Environmental Hazards: No applicable information has been found.

Special Precautions: No applicable information has been found.

Transport in bulk: No applicable information has been found.

15 Regulatory information**Safety, health and environmental regulations specific for the product in question****US Federal**

The products described in this Material Safety Data Sheet are regulated under the Federal Food, Drug and Cosmetics Act and are safe to use as per directions on container, box or accompanying literature (where applicable).

16 Other information**Other information**

This information is provided for documentation purposes only. This cosmetic product it is not considered hazardous. The complete range of conditions or methods of use are beyond our control therefore we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however, all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof.

Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

This Safety Data Sheet has been prepared in accordance with 29CFR 1910-1200
