

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
US OSHA Hazard Communication Standard 2024 (29 CFR 1910.1200) and Canada Hazardous Products Act (HPA) and the  
Hazardous Products Regulation (HPR), as amended

Issuing Date 11-Feb-2026

Revision date 06-May-2024

Revision Number 1

## 1. Identification

### Product identifier

Product Name Other

### Other means of identification

Product Code(s) 1793638\_TG

Synonyms None

### Recommended use of the chemical and restrictions on use

Recommended use Body Art (Sticker or Decal) Adhesive

Restrictions on use No information available

### Details of the supplier of the safety data sheet

Supplier Name Spin Master Toys Far East Ltd

### Supplier Address

Room 1113, 11/F, Chinachem Golden Plaza, 77 Mody Road, TST East, Hong Kong  
Hong Kong  
Hong Kong  
0000  
HK

### Emergency telephone number

Supplier Phone Number Phone:23013822  
Fax:416 364-8005

24 Hour Emergency Phone Number 1 800 622-8339

Emergency Telephone No information available

## 2. Hazard(s) identification

### Classification of the substance or mixture

This product is not considered hazardous by either the US OSHA Hazard Communication Standard 2024, or Canada Hazardous Products Act (HPA) and Hazardous Products Regulation (HPR), as amended.

### Label elements

None

### Hazard statements

No hazard statements required.

**Hazards classified under paragraph (d)(1)(ii) of 1910.1200**

No information available.

**Other information**

No information available.

**3. Composition/information on ingredients****Substance**

Not applicable.

**Mixture**

| Chemical name                    | CAS No.  | Weight-% | Hazardous Material Information Review Act registry number (HMIRA registry #) | Date HMIRA filed and date exemption granted (if applicable) |
|----------------------------------|----------|----------|------------------------------------------------------------------------------|-------------------------------------------------------------|
| Ethylene glycol monophenyl ether | 122-99-6 | 0.4      | -                                                                            | -                                                           |

**4. First-aid measures****Description of first aid measures**

|              |                                                                                                                      |
|--------------|----------------------------------------------------------------------------------------------------------------------|
| Inhalation   | Remove to fresh air.                                                                                                 |
| Eye contact  | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician. |
| Skin contact | Wash skin with soap and water.                                                                                       |
| Ingestion    | Rinse mouth.                                                                                                         |

**Most important symptoms and effects, both acute and delayed**

|          |                           |
|----------|---------------------------|
| Symptoms | No information available. |
|----------|---------------------------|

|                     |                           |
|---------------------|---------------------------|
| Effects of Exposure | No information available. |
|---------------------|---------------------------|

**Indication of any immediate medical attention and special treatment needed**

|                    |                        |
|--------------------|------------------------|
| Note to physicians | Treat symptomatically. |
|--------------------|------------------------|

**5. Fire-fighting measures**

|                                            |                                                                                                         |
|--------------------------------------------|---------------------------------------------------------------------------------------------------------|
| <b><u>Suitable Extinguishing Media</u></b> | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
|--------------------------------------------|---------------------------------------------------------------------------------------------------------|

|                                       |                                                                   |
|---------------------------------------|-------------------------------------------------------------------|
| <b>Unsuitable extinguishing media</b> | Do not scatter spilled material with high pressure water streams. |
|---------------------------------------|-------------------------------------------------------------------|

**Specific hazards arising from the chemical** No information available.

**Hazardous combustion products** Carbon oxides.

**Explosion data**

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** None.

**Special protective equipment and precautions for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

## 6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions** Avoid contact with eyes.

**Methods and material for containment and cleaning up**

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Pick up and transfer to properly labeled containers.

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

## 7. Handling and storage

**Precautions for safe handling**

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice.

**Conditions for safe storage, including any incompatibilities**

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place.

## 8. Exposure controls/personal protection

**Control Parameters**

**Exposure Limits**

| Chemical name                                | Alberta | British Columbia | Ontario                                             | Quebec |
|----------------------------------------------|---------|------------------|-----------------------------------------------------|--------|
| Ethylene glycol monophenyl ether<br>122-99-6 | -       | -                | TWA: 25 ppm;<br>TWA: 141 mg/m <sup>3</sup> ;<br>dSk | -      |

**Note** See section 16 for terms and abbreviations.

**Biological occupational exposure limits** This product, as supplied, contains materials that do not have reportable biological exposure limits or are not subject to the reporting requirements of the local jurisdiction.

**Appropriate engineering controls**

|                             |                                                     |
|-----------------------------|-----------------------------------------------------|
| <b>Engineering controls</b> | Showers<br>Eyewash stations<br>Ventilation systems. |
|-----------------------------|-----------------------------------------------------|

**Individual protection measures, such as personal protective equipment**

|                                 |                                                                                                                                                                                                                                                                                               |
|---------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye/face protection</b>      | Appropriate eye/face protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction.                                                                                                              |
| <b>Hand protection</b>          | Appropriate hand protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction.                                                                                                                  |
| <b>Skin and body protection</b> | Appropriate skin and body protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction.                                                                                                         |
| <b>Respiratory protection</b>   | Appropriate respiratory protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required. |

**9. Physical and chemical properties****Information on basic physical and chemical properties**

|                                       |                          |
|---------------------------------------|--------------------------|
| <b>Physical state</b>                 | Liquid                   |
| <b>Color</b>                          | No information available |
| <b>Odor (includes odor threshold)</b> | Odorless                 |
| <b>Odor threshold</b>                 | No information available |

| <b><u>Property</u></b>                                           | <b><u>Values</u></b> | <b><u>Remarks • Method</u></b> |
|------------------------------------------------------------------|----------------------|--------------------------------|
| <b>Melting point / freezing point</b>                            | No data available    | None known                     |
| <b>Boiling point (or initial boiling point or boiling range)</b> | 180 °C / 356 °F      |                                |
| <b>Flammability</b>                                              | No data available    | None known                     |
| <b>Flammability Limit in Air</b>                                 |                      | None known                     |
| <b>Upper flammability or explosive limits</b>                    | No data available    |                                |
| <b>Lower flammability or explosive limits</b>                    | No data available    |                                |
| <b>Flash point</b>                                               | 94 °C / 201.2 °F     | No data available              |
| <b>Autoignition temperature</b>                                  | No data available    | None known                     |
| <b>Decomposition temperature</b>                                 | No data available    | None known                     |
| <b>SADT (°C)</b>                                                 | No data available    | None known                     |
| <b>pH</b>                                                        | No data available    |                                |
| <b>pH (as aqueous solution)</b>                                  | No data available    | None known                     |
| <b>Kinematic viscosity</b>                                       | No data available    | None known                     |
| <b>Dynamic viscosity</b>                                         | No data available    | None known                     |
| <b>Solubility</b>                                                | No data available    | None known                     |
| <b>Water solubility</b>                                          | No data available    |                                |
| <b>Partition coefficient n-octanol/water (log value)</b>         | No data available    |                                |
| <b>Vapor pressure (includes evaporation rate)</b>                | No data available    | None known                     |
| <b>Evaporation rate</b>                                          | No data available    | None known                     |
| <b>Density and/or relative density</b>                           | 1.028                |                                |
| <b>Bulk density</b>                                              | No data available    |                                |
| <b>Liquid Density</b>                                            | No data available    |                                |

|                            |                   |            |
|----------------------------|-------------------|------------|
| Relative vapor density     | No data available | None known |
| Particle characteristics   |                   | None known |
| Particle Size              | No data available |            |
| Particle Size Distribution | No data available |            |

**Other information**

Miscible No

**10. Stability and reactivity**

|                                    |                                           |
|------------------------------------|-------------------------------------------|
| Reactivity                         | No information available.                 |
| Chemical stability                 | Stable under normal conditions.           |
| Possibility of hazardous reactions | None under normal processing.             |
| Hazardous polymerization           | Hazardous polymerization does not occur.  |
| Conditions to avoid                | None known based on information supplied. |
| Incompatible materials             | None known based on information supplied. |
| Hazardous decomposition products   | Carbon oxides.                            |

**11. Toxicological information****Information on likely routes of exposure**

|              |                                                                   |
|--------------|-------------------------------------------------------------------|
| Inhalation   | Specific test data for the substance or mixture is not available. |
| Eye contact  | Specific test data for the substance or mixture is not available. |
| Skin contact | Specific test data for the substance or mixture is not available. |
| Ingestion    | Specific test data for the substance or mixture is not available. |

**Symptoms related to the physical, chemical and toxicological characteristics**

|                |                           |
|----------------|---------------------------|
| Symptoms       | No information available. |
| Acute toxicity | No information available. |

**Numerical measures of toxicity**

The following ATE values have been calculated for the mixture

|                               |                 |
|-------------------------------|-----------------|
| ATEmix (oral)                 | 99,999.00 mg/kg |
| ATEmix (dermal)               | 99,999.00 mg/kg |
| ATEmix (inhalation-gas)       | 99,999.00 ppm   |
| ATEmix (inhalation-vapor)     | 99,999.00 mg/l  |
| ATEmix (inhalation-dust/mist) | 99,999.00 mg/l  |

**Component Information**

| Chemical name                    | Oral LD50            | Dermal LD50          | Inhalation LC50          |
|----------------------------------|----------------------|----------------------|--------------------------|
| Ethylene glycol monophenyl ether | = 1850 mg/kg ( Rat ) | = 5 mL/kg ( Rabbit ) | > 0.057 mg/L ( Rat ) 8 h |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

|                                          |                           |
|------------------------------------------|---------------------------|
| <b>Skin corrosion/irritation</b>         | No information available. |
| <b>Serious eye damage/eye irritation</b> | No information available. |
| <b>Respiratory or skin sensitization</b> | No information available. |
| <b>Germ cell mutagenicity</b>            | No information available. |
| <b>Carcinogenicity</b>                   | No information available. |
| <b>Reproductive toxicity</b>             | No information available. |
| <b>STOT - single exposure</b>            | No information available. |
| <b>STOT - repeated exposure</b>          | No information available. |
| <b>Aspiration hazard</b>                 | No information available. |

## 12. Ecological information

**Ecotoxicity** Based on available data, the classification criteria are not met.

### Aquatic ecotoxicity

#### Component Information

| Chemical name                    | Fish                                                                                         | Crustacea                            | Algae/aquatic plants                           | Toxicity to microorganisms                     |
|----------------------------------|----------------------------------------------------------------------------------------------|--------------------------------------|------------------------------------------------|------------------------------------------------|
| Ethylene glycol monophenyl ether | 96h LC50: 337 - 352 mg/L (Pimephales promelas)<br>96h LC50: = 366 mg/L (Pimephales promelas) | 48h EC50: > 500 mg/L (Daphnia magna) | 72h EC50: > 500 mg/L (Desmodesmus subspicatus) | EC50 = 32.4 mg/L 5 min<br>EC50 = 880 mg/L 17 h |

**Persistence and degradability** No information available.

### Bioaccumulative potential

| Chemical name                    | Partition coefficient | Bioconcentration factor (BCF) | Trophic magnification factor (TMF) |
|----------------------------------|-----------------------|-------------------------------|------------------------------------|
| Ethylene glycol monophenyl ether | 1.2                   | -                             | -                                  |

**Mobility in soil** No information available.

**Other adverse effects** No information available.

## 13. Disposal considerations

### Disposal methods

|                                            |                                                                                                                 |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------|
| <b>Waste from residues/unused products</b> | Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation. |
| <b>Contaminated packaging</b>              | Do not reuse empty containers.                                                                                  |

## 14. Transport information

|                                           |                       |
|-------------------------------------------|-----------------------|
| <b>DOT</b><br>Transport hazard class(es)  | NOT REGULATED<br>N/A  |
| <b>TDG</b>                                | Not applicable        |

## 15. Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

#### International Regulations

The Montreal Protocol on Substances that Deplete the Ozone Layer Not applicable

The Stockholm Convention on Persistent Organic Pollutants Not applicable

The Rotterdam Convention Not applicable

#### International Inventories

TSCA Contact supplier for inventory compliance status.

|                      |                                                   |
|----------------------|---------------------------------------------------|
| <b>DSL/NDSL</b>      | Contact supplier for inventory compliance status. |
| <b>EINECS/ELINCS</b> | Contact supplier for inventory compliance status. |
| <b>ENCS</b>          | Contact supplier for inventory compliance status. |
| <b>IECSC</b>         | Contact supplier for inventory compliance status. |
| <b>KECL</b>          | Contact supplier for inventory compliance status. |
| <b>PICCS</b>         | Contact supplier for inventory compliance status. |
| <b>AIIC</b>          | Contact supplier for inventory compliance status. |

#### **Legend:**

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL/NDSL** - Canadian Domestic Substances List/Non-Domestic Substances List

**EINECS/ELINCS** - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances

**ENCS** - Japan Existing and New Chemical Substances

**IECSC** - China Inventory of Existing Chemical Substances

**KECL** - Korean Existing Chemicals Inventory

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances  
**AIIC** - Australian Inventory of Industrial Chemicals  
**NZIoC** - New Zealand Inventory of Chemicals  
**TCSI** - Taiwan Chemical Substance Inventory

### US Federal Regulations

#### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

#### **SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

#### **CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

#### **CAA (Clean Air Act)**

This product does not contain any substances regulated as pollutants pursuant to Clean Air Act (CAA).

#### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

### US State Regulations

#### **California Proposition 65**

This product does not contain any Proposition 65 chemicals.

#### **U.S. State Right-to-Know Regulations**

| Chemical name                    | New Jersey | Massachusetts | Pennsylvania |
|----------------------------------|------------|---------------|--------------|
| Vegetable Glycerin               | X          | X             | X            |
| Ethylene glycol monophenyl ether | X          | -             | X            |

### U.S. EPA Label Information

**EPA Pesticide Registration Number** Not applicable

## **16. Other information**
