

## Safety Data Sheet

### 1 Identification

#### GHS Product Identifier

Dionis Goat Milk Skincare - Goat Milk Whipped Body Scrub

#### Other means of identification

24P6391701ANMFSW.01

#### Supplier's details

PhytogenX Inc.

35 Thousand Oaks Boulevard

Morgantown, PA 19543

610-286-0111

#### Emergency phone number

Contact 911 or local police

### 2 Hazard(s) identification

#### Classification of the substance or mixture

This material is NOT HAZARDOUS according to the OSHA Hazard Communication Standard, 29 CFR 1910.1200

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

#### GHS label elements

#### Other hazards which do not result in classification

**Eye:** Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

**Skin:** Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

**Inhalation:** Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

**Ingestion:** Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

### 3 Composition/information on ingredients

Description	CAS Number	EINECS Number	%	Note
			0	There are no ingredients expected at hazardous levels.

### 4 First-aid measures

## Description of necessary first-aid measures

**Eye:** Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

**Skin Problem:** Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

**Ingestion:** Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

**Inhalation:** If respiratory irritation occurs, remove individual to fresh air.

## 5 Fire-fighting measures

### Suitable extinguishing media

**Flash Point:** Not applicable.

**Extinguishing Media:** Non- Flammable.

**Explosion Hazard:** No applicable information has been found.

### Specific hazards arising from the chemical

None

### Special protective actions for fire-fighters

None

## 6 Accidental release measures

### Methods and materials for containment and cleaning up

**Household Settings:** No applicable information.

**Non-Household Settings:** Use safety glasses or safety goggles if splash hazards exist, use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

## 7 Handling and storage

### Precautions for safe handling

**Household Settings:** No applicable information has been found.

**Non-Household Settings:** Store at room temperature. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area. Wear Safety glasses.

### Conditions for safe storage, including any incompatibilities

**Household Settings:** No applicable information has been found.

**Non-Household Settings:** No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

## 8 Exposure controls/personal protection

### Control parameters

**Household Settings:** This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

**Non-Household Settings:** Use safety glasses or safety goggles if splash hazard exist; use gloves and other protective clothing (apron, boots, etc.) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

## 9 Physical and chemical properties

### Physical and chemical properties

**Physical State:** Non-flowable opaque scrub

**Color:** White to off-white

**Odor:** Characteristic

**pH @ 25°C:** N/A

**Viscosity @ 25°C Brookfield**

**Spindle # 94 @ 10 rpm, 60 seconds:** 40,000-180,000cps

**Vapor Pressure (mm Hg.):** N/A

**Vapor Density (AIR = 1):**N/A

**Boiling Point:** N/A

**Melting Point:** N/A

**Specific Gravity @ 25°C:** 1.13-1.26

**Flash Point:** N/A

**Evaporation Rate:** >.1

**Solubility in Water:** Partially Soluble

## 10 Stability and reactivity

### Chemical stability

Stable

### Possibility of hazardous reactions

No applicable information has been found.

### Conditions to avoid

No applicable information has been found.

### Incompatible materials

No applicable information has been found.

### Hazardous decomposition products

No applicable information has been found.

## 11 Toxicological information

### Toxicological (health) effects

Non-Toxic

### Information on the likely routes of exposure

No applicable information has been found.

**Symptoms related to the physical, chemical and toxicological characteristics**

No applicable information has been found.

**Delayed and immediate effects and also chronic effects from short and long term exposure**

No applicable information has been found.

**Numerical measures of toxicity (such as acute toxicity estimates)**

No applicable information has been found.

**Interactive effects**

No applicable information has been found.

**Where specific chemical data are not available**

No applicable information has been found.

**Mixtures**

No applicable information has been found.

**Mixture versus ingredient information**

No applicable information has been found.

**Other information**

No applicable information has been found.

**12 Ecological information****Toxicity**

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

**13 Disposal considerations****Disposal methods**

**Household Settings:** The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.

**Non-Household Settings:** Products covered by this MSDS, in their original form, when disposed as waste, are considered non hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

**14 Transport information****Transport hazard class(es)**

**For finished packaged product transported by ground (DOT):** Non-hazardous

**For finished packaged product transported by sea (IMDG):** Non-hazardous

**For finished packaged product transported by air (IATA):** Non-hazardous

**15 Regulatory information****Safety, health and environmental regulations specific for the product in question**

**US Federal**

The products described in this Material Safety Data Sheet are regulated under the Federal Food, Drug and Cosmetics Act and are safe to use as per directions on container, box or accompanying literature (where applicable).

**16 Other information****Other information**

This information is provided for documentation purposes only. This cosmetic product it is not considered hazardous. The complete range of conditions or methods of use are beyond our control therefore we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however, all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof.

Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

***This Safety Data Sheet has been prepared in accordance with 29CFR 1910-1200***
