

Material Safety Data Sheet
Rosemary Hair Oil

Section 1: Chemical Product and Company Identification

Product Identifier: Botanic Hearth Rosemary Hair Oil

CAS#: Not available

EC No.: Not available

EINICS No.: Not available

INCI Name#: Not available

Botanical source: Not applicable

Chemical Name: Not available.

Chemical Formula: Not available.

Details of the supplier of the safety data sheet

Contact Information:

A.G. Organica Private Limited, C-11, Sector-85, Noida, Uttar Pradesh, India 201305

Relative identified uses of the substance or mixture and uses advised against

No additional data is available.

Recommended uses of chemicals and restrictions on use

Recommended use: Hair oil

Restrictions on use: No relevant information is available

Emergency Tel. No.: +91 120 4256650

Section 2: Hazards Identification

EMERGENCY OVERVIEW:

Health Hazards: None expected when used under normal conditions.

Flammability Hazards: This product is considered a Non-Flammable solid.

Reactivity Hazards: None.

Environmental Hazards: The environmental effects of this product have not been investigated, however, release may cause adverse environmental effects

US DOT Symbols: Non-Regulated Material

CANADA (WHMIS) Symbols: None

EU and GHS Symbols: None

Signal Word: None

EU Labeling and Classification:

This product does not meet the definition of a hazardous substance or preparation as defined by the European Union Council Directives 67/548/EEC, 1999/45/EC, 1272/2008/EC, and subsequent Directives.

Components Contributing to Classification: None

Label Elements:

GHS Hazard Classifications: None

Hazard Statements: None

Precautionary Statements: None

Response Statements: None

Storage Statements: None

Disposal Statements: None

Health Hazards or Risks from Exposure:

Symptoms of Overexposure by Route of Exposure:

The most significant routes of overexposure for this product are by contact with skin or eyes. The symptoms of overexposure are described in the following paragraphs.

C-11,Sector-85,Noida-201305,GautamBudhNagar(U.P)

Acute:

Inhalation: None expected when used under normal conditions. Skin
 Contact: None expected when used under normal conditions. Eye
 Contact: None expected when used under normal conditions. Ingestion:
 None expected when used under normal conditions.

Chronic: No data available.

Target Organs:

Acute: No data available.
 Chronic: No data available

Section 3: Composition and Information on Ingredients

Product Name : Rosemary Hair Oil

Classification according to Regulation with 29 CFR 1910 (OSHA HCS): Not classified as hazardous substance

Ingredients:	CAS No.	EINECS No.	W/W%	Hazard Classification
Grapeseed oil (<i>Vitis vinifera</i>)	8024-22-4	287-896-9	10 - 20	Not Classified
Jajoba oil (<i>Simmondsia chinensis</i>)	90045-98-0	289-964-3	5.0 - 10.0	Not Classified
Sesame oil (<i>Sesamum indicum</i>)	8008-74-0	232-370-6	50 - 70.0	Not Classified
Castor oil (<i>Ricinus communis</i>)	8001-79-4	232-293-8	10 - 20.0	Not Classified
Rosemary Oil (<i>Rosmarinus officinalis</i>)	8000-25-7	209-578-0	1.0 – 2.0	Flammable liquid 3 Flam. Liq. 3 H226 Skin corrosion/irritation 2 Skin Irrit. 2 H315 Serious eye damage/eye irritation 1 Eye Dam. 1 H318 Skin sensitisation 1 Skin Sens. 1 H317 Aspiration hazard 1 Asp. Tox. 1 H304 Hazardous to the aquatic environment - chronic hazard 1 Aquatic Chronic 1 H410
Vitamin E (Tocopherol)	10191-41-0	231-710-0	0.5 - 1.0	Not Classified
Vitamin B7 (Biotin)	58-85-5	200-399-3	0.5 - 1.5	Not Classified

Section 4: First Aid Measures

Description of First Aid Measures:

Eye Contact: If product enters the eyes, flush with plenty of water or eye wash solution for several minutes. Seek medical attention if irritation persists.

Skin Contact: Wash skin thoroughly with soap and water after handling. Seek medical attention if irritation develops and persists.

Inhalation: If breathing becomes difficult, remove victim to fresh air. If necessary, use artificial respiration to support vital functions. Seek medical attention.

Ingestion: If product is swallowed, call physician or poison center if you feel unwell. If professional advice is not available, do not induce vomiting. Never induce vomiting or give diluents (milk or water) to someone who is unconscious, having convulsions, or who cannot swallow. Seek medical advice. Take a copy of the label and/or SDS with the victim to the health professional.

Symptoms and Effects Both Acute and Delayed: Contact with skin may irritate. May cause an allergic reaction of the skin.

Recommendations to Physicians: Treat symptoms and eliminate overexposure

Section 5: Fire-fighting measures

Use the following fire extinguishing materials:

Suitable extinguishing media:

Water Spray: Yes

Foam: Yes

Halon: Yes

Carbon Dioxide: Yes

Dry Chemical: Yes

Other: Any "C" Class

C-11, Sector-85, Noida-201305, Gautam Budh Nagar (U.P)

Unusual Fire and Explosion Hazards:

Irritating and toxic fumes may be produced at high temperatures. Use of water may result in the formation of a toxic aqueous solution. Do not allow run-off from firefighting to enter drains or water courses. Do not use heavy water stream.

Explosive Sensitivity to Mechanical Impact: No
Explosive Sensitivity to Static Discharge: No

- Incipient fire responders should wear eye protection.
- Structural firefighters must wear Self-Contained Breathing Apparatus(SCBA) and full protective equipment.
- Isolate materials not yet involved in the fire and protect personnel. Move containers from fire area if this can be done without risk; otherwise, cool with carefully applied water spray.
- If possible, prevent run-off water from entering storm drains, bodies of water, or other environmentally sensitive areas.

Special Fire-Fighting Procedures:

Section 6: Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures:

Use cautious judgment when cleaning up spill. Wear suitable protective clothing, gloves, and eye/face protection.

Environmental precautions:

Construct a dike to prevent spreading. Keep out of sewers, storm drains, surface waters, and soils

Spill and Leak Response:

Small Spill:

- Collect material via broom or mop. Place in tightly sealed containers for proper disposal.
- Approach spill areas with caution.
- If liquid was introduced, create a dike or trench to contain material. Soak up with absorbent material such as clay, sand or other suitable non-reactive material.

Large Spill:

- Place in leak-proof containers. Seal tightly for proper disposal.
- Dispose of in accordance with U.S. Federal, State, and local hazardous waste disposal regulations and those of Canada and its Provinces, those of Australia, Japan and EU Member States

Section 7: Handling and Storage:

Precautions for Safe Handling

To prevent eye contact under the foreseeable conditions of use, wear appropriate safety eyewear. When handling, do not eat, drink, or smoke. Wash thoroughly after handling.

Storage and Handling Practices

Keep away from acids and oxidizing agents.

Specific Uses:

Comply with the regulations and product data sheet. No specific recommendations. Apply the above handling guidelines.

Section 8: Exposure Controls/Personal Protection:

Ventilation and Engineering Controls:

Use with adequate ventilation to ensure exposure levels are maintained below the limits provided above.

The following information on appropriate Personal Protective Equipment is provided to assist employers in complying with OSHA regulations found in 29 CFR Subpart I (beginning at 1910.132) or equivalent standard of Canada, or standards of EU member states (including EN 149 for respiratory PPE, and EN 166 for face/eye protection), and those of Japan. Please reference applicable regulations and standards for relevant details.

C-11, Sector-85, Noida-201305, Gautam Budh Nagar (U.P)

Respiratory Protection:

Not required for properly ventilated areas.

Maintain airborne contaminant concentrations below guidelines listed above, if applicable. If necessary, use only respiratory protection authorized in the U.S. Federal OSHA Respiratory Protection Standard(29 CFR 1910.134), equivalent U.S. State standards, Canadian CSA Standard Z94.4-93, the European Standard EN149, or EU member states.

Eye Protection:

Safety glasses or goggles are recommended

If necessary, refer to U.S. OSHA 29 CFR 1910.133, Canadian Standards, and the European Standard EN166, Australian Standards, or relevant Japanese Standards.

Use body protect appropriate to task being performed.

Hand Protection:

Chemical resistant gloves are required to prevent skin contact.

If necessary, refer to U.S. OSHA 29 CFR 1910.138, the European Standard DIN EN 374, the appropriate Standards of Canada, Australian Standards, or relevant Japanese Standards.

Body Protection:

Use body protect appropriate to task being performed

If necessary, refer to appropriate Standards of Canada, or appropriate Standards of the EU, Australian Standards, or relevant Japanese Standards. If a hazard of injury to the feet exists due to falling objects, rolling objects, where objects may pierce the soles of the feet or where employee's feet may be exposed to electrical hazards, use foot protection, as described in U.S. OSHA 29 CFR 1910.136.

Section 9: Physical and Chemical Properties

Physical state and appearance: Pale yellow to yellow colored

Odor: Refreshing characteristic odour

Odor threshold: Not available.

pH: Not available.

Relative density: 0.900 – 0.930 (Water = 1)

Refractive Index: 1.460 – 1.480

Melting point: - Not available.

Initial boiling point and boiling range: around 220°C -230°C literature.

Flash point: 200°C - closed cup

Auto-ignition temperature: Not available.

Decomposition temperature: >300°C literature.

Upper/lower flammability or explosive limits: Not available.

Vapor pressure: Not available.

Vapor density: Not available.

Evaporation rate: Not available.

Flammability (solid, gas): Not available.

Partition coefficient: n-octanol/water: Not available.

Solubility: Insoluble in alcohol and water.

Viscosity: Not available.

Section 10: Stability and Reactivity Data

Reactivity:

This product is not reactive.

Stability:

Stable under conditions of normal storage and use.

Possibility of Hazardous Reactions:

Will not occur.

Conditions to Avoid:

High temperatures

Incompatible Substances:

Strong oxidizing agents.

Hazardous Decomposition Products:

Combustion produces carbon dioxide, carbon monoxide and smoke.

C-11, Sector-85, Noida-201305, Gautam Budh Nagar (U.P)

Section 11: Toxicological Information

Information on Toxicological Effects:

Toxicity Data:

No data available

Suspected Cancer Agent:

Ingredients within this product are not found on the following lists:

FEDERAL OSHA Z LIST, NTP, IARC, or CAL/OSHA and therefore are not considered to be, nor suspected to be, cancer-causing agents by these agencies.

Irritancy:

Skin: Not expected to be an irritant.

Eyes: Not expected to be an irritant

Sensitization to the Product:

This product is not expected to cause skin sensitization.

Reproductive Toxicity:

No specific information is available concerning the effects of this product and its components on the human reproductive system.

Section 12: Ecological Information

Toxicity: No data available

Persistence and Degradability: No information available.

Mobility: No information available.

Bioaccumulation/ Accumulation: Readily biodegradable. Expected to be unlikely to bio accumulate.

Results of PBT and vPvB assessment: No data available for assessment.

The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

Section 13: Disposal Considerations

Waste Disposal: Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

Section 14: Transport Information

UN number road	Not regulated
UN Number Sea	Not regulated
UN Number Air	Not regulated
UN proper shipping name	None.
Transport hazard class(es)	Not classed as a hazardous material for transport.
Packing group	None.
Environmental hazards	None.
Special precautions for user	None.
Transport in bulk according to Annex II of Marpol and the IBC Code - N.A.	

Section 15: Other Regulatory Information

Safety, health and environmental regulations/legislation specific for the substance or mixture:

Statutory Instruments

The Chemicals (Hazard Information and Packaging for Supply) Regulations 2009 (S.I 2009 No. 716).

Guidance Notes

Workplace Exposure Limits EH40. CHIP for everyone HSG (108).

EU Legislation

Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and

C-11, Sector-85, Noida-201305, Gautam Budh Nagar (U.P)

repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, including amendments.

Chemical safety assessment: No additional information is available.

USA Regulations:

OSHA: None of the chemicals in this product are considered highly hazardous by OSHA.

California Prop 65: California No Significant Risk Level: None of the chemicals in this product are listed.

Section:16 Other Information:

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

References: Not available.

Other Special Considerations: Not available.
