

SAFETY DATA SHEET

1. PRODUCT IDENTIFICATION AND COMPANY INFORMATION

Product Name: Baby Magic Hair & Body Wash 16.5oz

Product Code(s): 705611

Bulk Code(s): B571029

Recommended Uses: Personal Care

Supplier Address: BEAUTY MANUFACTURING SOLUTIONS CORP.
1250 Freeport Pkwy Coppel, TX 75019

Phone: (972) 241-9665

Fax: (972) 620-0715

Contact: Quality Dept.

Contact Phone: (972) 241-9665

Emergency Phone: (972) 241-9665

Company Emergency Phone Number: 1-888-212-2137

2. HAZARD(S) IDENTIFICATION

Physical hazards Not classified.

Health hazards Not classified.

OSHA defined hazards Not classified.

Hazard Classification: Not classified.

GHS Label Elements, including precautionary statements

Hazard symbol None.

Signal Word: None.

Hazard Statements: The mixture does not meet the criteria for classification.

Precautionary statements

General: Read label before use. If medical advice is needed, have product container or label at hand. May cause irritation. Repeated contact may cause allergic dermatitis.

Prevention: Observe good industrial hygiene practices.

Response: Wash hands after handling.

Storage: Store away from incompatible materials.

Disposal: Dispose of waste and residues in accordance with local authority requirements.

Other hazards which do not result in classification

May cause irritation. Repeated contact may cause allergic dermatitis.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance/mixture: Mixture

Other means of identification: Not available
 CAS Number /other identifiers: Not available
 Product Code(s): 705611
 Bulk Code(s): B571029

Chemical Name	CAS Number	%
Glycerin	56-81-5	< 0.3
Sodium hydroxide	1310-73-2	< 0.1

*The exact specific chemical identity and/or percentage of composition has been withheld as a trade secret.

4. FIRST AID MEASURES

Eye Contact: Check for and remove any contact lens. Rinse with water. Get medical attention if irritation develops and persists.

Skin Contact: Not applicable.

Ingestion: Rinse mouth. Get medical attention if symptoms occur.

Inhalation: Remove to fresh air and keep at rest in position comfortable for breathing. Get medical attention if symptoms occur.

Most important symptoms/effects, acute and delayed Not available.

Indication of immediate medical attention and special treatment needed Treat symptomatically.

General information Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media: Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).

Unsuitable Extinguishing Media: None

Specific hazards arising from the chemical: During fire, gases hazardous to health may be formed.

Hazardous Combustion Products: During fire, gases hazardous to health may be formed.

Special protective equipment and precautions for firefighters Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

Firefighting equipment/instructions Move containers from fire area if you can do so without risk.

Specific methods Use standard firefighting procedures and consider the hazards of

other involved materials.

General fire hazards

No unusual fire or explosion hazards noted

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Keep unnecessary personnel away. For personal protection, see section 8 of the SDS.

Methods and materials for containment and cleaning up

Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.

Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.

Environmental precautions

Avoid dispersal of spilt material and runoff with drains and sewers, water courses or onto the ground.

Waste Disposal Method:

Dispose of in accordance with local, state, and federal regulations.

7. HANDLING AND STORAGE

Handling Protective Measures:

Keep containers closed. Avoid prolonged exposure. Observe good industrial hygiene practices.

Conditions for Safe Storage:

Store in tightly closed container. Keep out of the reach of children. Store away from incompatible materials (see Section 10 of the SDS).

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control Parameters

Occupational Exposure Limits:

The following constituents are the only constituents of the product which have a PEL, TLV or other recommended exposure limit. At this time, the other constituents have no known exposure limits.

US. OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000)

Components	Type	Value
Glycerin (mist) (CAS. 56-81-5)	Total dust	15 mg/m ³
	Respirable fraction	5 mg/m ³
Sodium hydroxide (CAS. 1310-73-2)	PEL	2 mg/m ³

Biological limit values:

No biological exposure limits noted for the ingredient(s).

Appropriate Engineering Controls: None required

Environmental Exposure Controls: None required

Personal Protective Equipment

- Respiratory Protection:** Applicable for industrial settings only. In case of insufficient ventilation, wear suitable respiratory equipment.
- Eye/Face Protection:** Applicable for industrial settings only. Wear safety glasses with side shields (or goggles).
- Skin protection:**
- Hand Protection:** Applicable for industrial settings only. Wear appropriate chemical resistant gloves.
- Other:** Applicable for industrial settings only. Wear appropriate chemical resistant clothing.
- Thermal hazards:** Wear appropriate thermal protective clothing, when necessary.
- General hygiene Considerations:** Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Thick viscous wash	Partition Coefficient (n-octanol/water): Not Determined
Odor: Containing characteristic fragrance	Vapor Pressure: Not Determined
Odor Threshold: Not Determined	pH: 5.0 – 7.0
Water solubility: Water Soluble	Initial Boiling Point: Not Determined
Specific Gravity: 0.95 – 1.05	Melting Point: Not Determined
Vapor Density (Air=1): Not Determined	Flash Point: Not Determined
Freezing Point: Not Determined	Boiling Range: Not Determined
Decomposition Temperature: Not Determined	Physical State: Viscous wash formula
Solubility: Water Soluble	Autoignition Temperature: Not Determined
Evaporation Rate: Not Determined	Viscosity: 3,000-10,000 cps
Explosion Limits: Not Determined	Flammability: Not Determined

10. STABILITY AND REACTIVITY

Reactivity: The product is stable and non-reactive under normal conditions of use, storage and transport.

Chemical Stability: Product is stable under normal ambient temperature and conditions while in storage and being handled. Hazardous reactions will not occur.

Possibility of hazardous

Reactions: No dangerous reaction known under conditions of Reactions: normal use.

Conditions to Avoid: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. Contact with incompatible materials.

Incompatible Materials: Strong oxidizing agents.

Hazardous Decomposition Products: No hazardous decomposition products are known.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of Exposure

Inhalation: Prolong inhalation may be harmful.

Skin Contact: Prolonged skin contact may cause local irritation and dryness

Eye Contact: Serious eye damage can result

Ingestion: Ingesting moderate amounts cause toxicity

Symptoms of Exposure: Headache, blurred vision, loss of voluntary muscle control, slurred speech, inebriation.

Germ Cell Mutagenicity: Does not cause teratogenicity or mutagenicity in humans

Carcinogenicity: Not classifiable as a carcinogen in humans

IARC Monograph: not listed

NTP Report on Carcinogens: not listed

OSHA Reg. Subs: not regulated

Toxicological tests have not been performed on this preparation, but a bibliography of toxicological data exists for all the raw materials used in this preparation. We would recommend that this preparation be handled with the usual precautions due to the unknown synergy possible on highly sensitive individuals. Prudence dictates use of appropriate PPE and effective engineering controls to ensure workers exposure is minimized.

12. ECOLOGICAL INFORMATION

Ecotoxicity: The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

Persistence and degradability: The product's components are rapidly degradable and do not persist in the environment for any extended amount of time.

Bioaccumulative potential: No evidence to indicate significant bioaccumulative effect

Mobility in soil: No evidence to indicate significant mobility in soil

Other adverse effects: No adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this product.

To the best of our knowledge, this preparation does not contain any products that are environmentally toxic or not biodegradable. No ecological tests have been performed, and having no way to determine any eventual danger that may be due to a specific preparation, we recommend avoiding any voluntary or accidental spillage in the ecosystem.

13. DISPOSAL CONSIDERATIONS

- Disposal instructions:** Collect and reclaim or dispose in sealed containers at licensed waste disposal site.
- Local disposal regulations:** Dispose in accordance with all applicable regulations.
- Waste from residues/unused products:** Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see:Disposal instructions).
- Contaminated packaging:** Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.

14. TRANSPORT INFORMATION

- DOT:**
 - Finished Good:** Not Regulated
- IATA:**
 - Bulk:** Not Regulated
 - Finished Good:** Not Regulated
 - Bulk:** Not Regulated

Special Precautions for User: Transport within user’s premises: always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

15. REGULATORY INFORMATION

US Federal Regulations

OSHA Status: The above items either do not contain any specifically hazardous material or the potentially hazardous material present in such low concentration the items do not present any immediate threat to health and safety. These items do not meet OSHA Hazard Communication Standard (29 CFR 1910.1200) definition of a hazardous material.

US State Right to Know (MA, NJ, PA, RI): See Section 3. Composition.

SECTION 16: OTHER INFORMATION

THIS PRODUCT IS A MIXTURE FOR WHICH NO HEALTH HAZARD DATA EXISTS. THIS MIXTURE IS A PROPRIETARY BLEND WHOSE CONSTITUENCY IS CONSIDERED CONFIDENTIAL. THE HEALTH, SAFETY AND HAZARD INFORMATION IS BASED ON THE AVAILABLE DATA FOR THE INGREDIENTS CONTAINED IN THIS PREPARATION AND ARE FOR THE PURE CONCENTRATED FORM.
