

Zhejiang Diefei Cosmetic Co Ltd

No.21 Jing'er Road, Beiyuan Industrial Zone, Yiwu, Zhejiang, China

Tel:86-579-85421988 Fax:86-579-85421995

MATERIAL SAFETY DATA SHEET

Eyeshadow

1. Identification of the substance/preparation and company/undertaking

Trade Name: Revolution Reloaded - Affection

Use of the substance/preparation: Eyeshadow

Manufacturer: ZHEJIANG DIEFEI COSMETIC CO., LTD
NO 21 JING'ER ROAD, BEIYUAN, YIWU, ZHEJIANG, CHINA

Product Type: Eyeshadow

Emergency phone: 86 579 85421989

Fax: 86 579 85421995

2. HAZARDS IDENTIFICATION:

The preparation is not classified as dangerous according to Directive 1999/45/EC and its amendments.

3. Composition/Information on ingredients

Combined INCI (PCPC) Name	CAS number	Function	WW
Mica	12001-26-2	Absorbent	42.02
Talc	14807-96-6	Absorbent	12.06
CI 77491 (Iron Oxides)	1309-37-1	Colorant	8.77
CI 77891 (Titanium Dioxide)	13463-67-7	Colourant	7.58
Paraffinum Liquidum(Mineral Oil,Huile Minerale)	8042-47-5	Emollient	6.08
Magnesium Stearate	557-04-0	Binder	6.00
Ethylhexyl palmitate	29806-73-3	Emollient	4.85
Polybutene	9003-29-6	Viscosity controlling	2.28
CI 77499 (Iron Oxides)	12227-89-3	Colourant	1.88
Polyethylene	9002-88-4	Binder	1.80
Dimethicone	9006-65-9	Emollient	1.72
Nylon-12	25038-74-8	Binder	1.64
Magnesium Aluminum Silicate	1327-43-1	Binder	1.00
CI 77266(Black 2)	1333-86-4	Colorant	0.49
Calcium Sodium Borosilicate	65997-17-3	Bulking	0.46
Synthetic Fluorphlogopite	12003-38-2	Bulking	0.45
Methylparaben	99-76-3	Preservative	0.27

Zhejiang Diefei Cosmetic Co Ltd

No.21 Jing'er Road, Beiyuan Industrial Zone, Yiwu, Zhejiang, China

Tel:86-579-85421988 Fax:86-579-85421995

Silica	7631-86-9	Absorbent	0.27
Phenoxyethanol	122-99-6	Preservative	0.10
Propylparaben	94-13-3	Preservative	0.09
CI 16035(Red 40)	25956-17-6	Colorant	0.09
CI 75470(Carmine)	1390-65-4	Colorant	0.05
CI 77492 (Iron Oxides)	51274-00-1	Colorant	0.03
Tin oxide	18282-10-5	Processing aid	0.02

4.FIRST AID MEASURES:

Inhalation: Move exposed person to fresh air .Keep person warm and at rest. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel .Obtain medical attention if symptoms occur. If unconscious, place in recovery position and get medical attention immediately. Maintain and open airway. Loosen tight clothing such as a collar, tie, belt or waistband.

Ingestion: Wash out mouth with water. Remove dentures if any. Move exposed person to fresh air. Keep person warm and at rest. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Stop if the exposed person feels sick as vomiting may be dangerous. Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Obtain medical attention immediately if symptoms occur. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband.

Skin contact: Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Obtain medical attention if symptoms occur. Wash clothing before reuse. Clean shoes thoroughly before reuse.

Eye contact: Immediately flush eye with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes. Get medical attention if irritation occur.

Protection if first-aiders: No action shall be taken involving any personal risk or without suitable training.

Notes to physician: No specific treatment. Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.

See section 11 for more detailed information on health effects and symptoms.

5. FIRE FIGHTING MEASURES:

Extinguishing media: Use an extinguishing agent suitable for the surrounding fire.

Not suitable: None known

Special exposure hazards: In a fire or if heated, a pressure increase will occur and the container may burst. Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without

Zhejiang Diefei Cosmetic Co Ltd

No.21 Jing'er Road, Beiyuan Industrial Zone, Yiwu, Zhejiang, China

Tel:86-579-85421988 Fax:86-579-85421995

suitable training.

Hazardous combustion: Decomposition products may include the following materials:

Product Carbon oxides
Metal oxide/oxides

Special protective

equipment for fire fighter: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with full face-piece operated in positive pressure mode

6. ACCIDENTAL RELEASE MEASURES:

Personal precautions: No action should be taken involving and personal risk or without suitable training. Evacuate surrounding areas, Keep unnecessary and unprotected personnel from entering. Do not touch or walk through split material. Avoid breathing vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment (see section8).

Environmental precautions: Avoid dispersal of split material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air)

Large spill : Stop leak if without risk. Move containers from spill area. Approach the release from upwind. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous (see section13). Dispose if via a licensed waste disposal contractor, .Contaminated absorbent material may pose the same hazard as the split product.

.Note: see section 1 for emergency contact information and section 13 for waste disposal

Small spill : Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water soluble or absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via licensed waste disposal contractor.

7. HANDLING AND STORAGE:

Handling: Put on appropriate personal protective equipment (see section 8). Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should be prohibited in areas where this material is handled, stored, and smoking. Do not ingest Avoid contact with eyes, skin and clothing. Avoid breathing compatible material. Kept tightly closed when not in use. Empty containers retain product residue and can be hazardous. Do not reuse container.

Storage: Store in accordance with local regulations. Store in original container protected

Zhejiang Diefei Cosmetic Co Ltd

Tel:86-579-85421988 Fax:86-579-85421995

from direct sunlight in a dry, cool and well-ventilated area, away from incompatible material (see section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers, Use appropriate containment to avoid environment contamination.

Packaging materials

Recommended : Use original container

8. EXPOSURE CONTROLS / PERSONAL PROTECTION:

Recommended monitoring

Procedures : If this product contains ingredients with exposure limits, workplace atmosphere or biological monitoring maybe required to determine the effectiveness protective equipment Reference should be made to European Standard EN 689 for methods for the assessment of exposure by inhalation to chemical agents and national guidance document for methods for the determination of hazardous substances.

Exposures controls

Occupational exposure

Controls : No special ventilation requirements. Good general ventilation should be sufficient to control worker exposure limits, use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure below any recommended or statutory limits.

Hygiene measures : Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period, Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing .Ensure that eyewash stations and safety showers are close to the workstation location.

Respiratory protection: Use a properly fitted, air-purifying or air-fed respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must safe working limits of the selected respirator.

Hand protection : Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.

Eye protection : Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts.

Skin protection : Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by specialist before handling this product

Environmental

Tel:86-579-85421988 Fax:86-579-85421995

exposure controls : Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation .In some cases, fume scrubbers, filters or engineering modification to the process equipment will be necessary to reduce emissions to acceptable levels.

9. PHYSICAL AND CHEMICAL PROPERTIES:

General information

Appearance

Physical state : Powder

10. STABILITY AND REACTIVITY:

Stability : The product is stable. Under normal conditions of storage and use, hazardous polymerization will not occur

Conditions to avoid: No specific data

Materials to avoid: No specific data

Hazardous decomposition

Products : Under normal conditions of storage and use, hazardous decomposition products should not be produced.

11. TOXICOLOGICAL INFORMATION:

Potential acute health effects

Inhalation : No known significant effects or critical hazards

Ingestion : No known significant effects or critical hazards

Skin contact : No known significant effects or critical hazards

Eye contact : No known significant effects or critical hazards

Acute toxicity

Conclusion/Summary : Not available

Potential chronic health effects

Chronic toxicity

Conclusion/Summary : Not available

Carcinogenicity

Conclusion/Summary : Not available

Mutagenicity

Conclusion/Summary : Not available

Teratogenicity

Conclusion/Summary : Not available

Reproductive toxicity

Conclusion/Summary : Not available

Chronic effects

: No known significant effects or critical hazards

Carcinogenicity

: No known significant effects or critical hazards

Mutagenicity

: No known significant effects or critical hazards

Tel:86-579-85421988 Fax:86-579-85421995

Teratogenicity : No known significant effects or critical hazards
Developmental effects : No known significant effects or critical hazards
Fertility effects : No known significant effects or critical hazards
Over-exposure signs/symptoms
Inhalation : No specific data
Ingestion : No specific data
Skin : No specific data
Eyes ; No specific data
Target organs : No specific data

12. ECOLOGICAL INFORMATION:

Environmental effects : No known significant effects or critical hazards
Aquatic ecotoxicity
Conclusion/Summary : Not available
Biodegradability
Conclusion/Summary : Not available
Biodegradability
Conclusion/Summary : Not available
Other adverse effects : No known significant effects or critical hazards

13. DISPOSAL CONSIDERATIONS:

Methods of disposal : The generation of waste should be avoided or minimized wherever possible. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor,

Disposal of this product ,solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements ,Avoid dispersal of split material and runoff and contact with soil, waterways ,drains and sewers

Hazardous : Within the present knowledge of the supplier, this product is not regarded as hazardous waste, as defined by EU Directive 91/689/EEC

15.REGULATORY INFORMATION:

EU regulations

Classification and labeling have been determined according to EU Directives 67/548/EEC and 1999/45/EC(including amendments)and take into account the intended product use.

Risk phrases : This product is not classified according to EU legislation

Product use : Consumer applications

Europe inventory : **Europe inventory:** Not determined

Other EU regulations

Additional warning phrase: Safety data sheet available for professional user on request.

16. OTHER INFORMATION

Full text of R-phrases : R36/37/38-Irritating to eyes, respiratory system and skin.

Referred to in section 2

And 3-United Kingdom (UK)

Full text of classifications : Xi-Irritant

Referred to in sections 2 and 3-
