Grass-Fed & Pasture-Raised Collagen Peptides

HELPS SUPPORT HAIR, SKIN, NAILS & JOINTS†

DIETARY SUPPLEMENT

Unflavored

NET WT 20 OZ (567 g)

NOTICE: Use this product as a food supplement only. Do not use for weight reduction.

†THIS STATEMENT HAS NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.

20g collagen per serving

DIRECTIONS: For adults, add approximately four (4) tablespoons (20 g) daily to 10 oz of room temperature water or juice and mix thoroughly. Can also be added to smoothies, coffee, soups, and other foods. Collagen powder will clump in cold water. To enjoy in cold water without clumping, mix with room temperature water first and then add ice.

Southern Graphic Systems LLC (SGS&CO) dba Marks Design has made every effort to comply with Health Canada, CPLA, CPLR, CFIA, FDR, and FDA rules and guidelines in the production of this artwork. To the best of our knowledge and experience, this artwork adheres to and is compliant with rules governing product-labeling requirements as per Canadian legislation and/or USA legislation. In the event of an inadvertent non-compliance issue that results in the re-work of existing artwork, SGS&CO/Marks Design will, in cooperation with the client, make every effort to rectify the problem, and produce replacement artwork files. The liability of SGS&CO/Marks Design shall be limited to correcting its own product. SGS&CO/Marks Design will not assume any legal or financial responsibility or liability for the contents of any packaging in the case of said contents being unusable because of Health Canada, CPLA, CPLR, CFIA, FDR, and FDA packaging non-compliance. The supplied artwork should be approved by the recipient for all content, layout and copy accuracy. This is a mechanical artwork file only. Color rotation to be confirmed by printer or prepress supplier. The UPC code is FPO and should be replaced by your printer or prepress supplier. Please ensure that your prepress supplier prepares the file for printing. Refer to Pantone and process matchbooks for reflection of accurate color, as this is not a color proof. Should the supplied artwork be found to be incorrect, please contact your representative immediately.

It is your responsibility to examine and provide nutritional labeling that complies with the regulations of the Food and Drug Administration (the "FDA"). Upon request and for a fee, SGS&CO, together with its affiliates, without limitation, will either perform or direct you to certain third parties who will perform FDA compliance review services. By your signature you acknowledge and agree that, notwithstanding any terms, conditions, agreements or instruments to the contrary, SGS&CO shall have no liability with respect to compliance with FDA nutritional labeling requirements, including in cases where SGS&CO offers this advice for a fee.

VENDOR RESPONSIBILITIES

THIS PROOF SHOULD BE USED AS A VISUAL REFERENCE FOR PROCESS COLOR ONLY. This packaging is required to follow the print specifications outlined by the CVS Print Quality Management (PQM) program. Packaging is required to be sent to SGS PQM CoE for evaluation immediately following packaging mass production. All specification and evaluation information is available on the program website: (https://www.gmprime.com/cvs/MyPackaging) Please contact SGS PQM CoE by emailing: CVSinFORMATION@SGSCO.COM with any questions.

PREPRESS REQUIREMENTS

!ATTENTION PRINTER! NOTE: All colors listed in the Match Colors section of this document can be printed as a solid spot color or simulated using process or extended gamut color inks. *These colors are still required to match to the published spot color L*a*b* values within the DeltaE tolerances as outlined on the PQM program website (gmprime.com/cvs). Additionally, a Spot Color Simulation Patch for every color must be added to the press sheet to allow for color measurement. Refer to the published Control Target Guidelines on the PQM program website (gmprime.com/cvs). Vendor is responsible for proper separations per their printing press profile including trapping, bleeds and minimum tolerance adjustments. REPLACE UPC WITH PROPER BWR PER YOUR SPECS, ENSURE UPC SCANS Supply PDF for content proof review and with its approval supply 2 subsequent contract proofs per project schedule.
