

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
US OSHA Hazard Communication Standard 2024 (29 CFR 1910.1200) and Canada Hazardous Products Act (HPA) and the  
Hazardous Products Regulation (HPR), as amended

Issuing Date 05-Jan-2026

Revision date 05-Jan-2026

Revision Number 1

## 1. Identification

### Product identifier

Product Name 431909 MINI GLAM BATH SPONGE OAK

### Other means of identification

Product Code(s) 1890260

Synonyms None

### Recommended use of the chemical and restrictions on use

Recommended use Body Soap (Liquid or Solid)

Restrictions on use No information available

### Details of the supplier of the safety data sheet

Supplier Name MGA Entertainment Inc.

### Supplier Address

9220 Winnetka Ave  
Chatsworth  
CA  
CA 91311  
US

### Emergency telephone number

Supplier Phone Number Phone:(800) 2224685  
Fax:(818) 2214409

24 Hour Emergency Phone Number (800) 2224685

Emergency Telephone No information available

## 2. Hazard(s) identification

### Classification of the substance or mixture

Serious eye damage/eye irritation

Category 2A

### Label elements

**Warning****Hazard statements**

Causes serious eye irritation.

**Precautionary Statements - Prevention**

Wash face, hands and any exposed skin thoroughly after handling.

Wear eye and face protection.

**Precautionary Statements - Response****Eyes**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice and attention.

**Hazards classified under paragraph (d)(1)(ii) of 1910.1200**

No information available.

**Other information**

Causes mild skin irritation. Harmful to aquatic life.

**3. Composition/information on ingredients****Substance**

Not applicable.

**Mixture**

| Chemical name                                                         | CAS No.    | Weight-% | Hazardous Material Information Review Act registry number (HMIRA registry #) | Date HMIRA filed and date exemption granted (if applicable) |
|-----------------------------------------------------------------------|------------|----------|------------------------------------------------------------------------------|-------------------------------------------------------------|
| Sodium stearate                                                       | 822-16-2   | 19       | -                                                                            | -                                                           |
| Sucrose                                                               | 57-50-1    | 15       | -                                                                            | -                                                           |
| Glycerol                                                              | 56-81-5    | 10       | -                                                                            | -                                                           |
| Propylene Glycol                                                      | 57-55-6    | 3        | -                                                                            | -                                                           |
| Sulfonic acids, C14-16-alkane hydroxy and C14-16-alkene, sodium salts | 68439-57-6 | 2.5      | -                                                                            | -                                                           |

**4. First-aid measures****Description of first aid measures****General advice**

Show this safety data sheet to the doctor in attendance.

**Inhalation**

Remove to fresh air.

**Eye contact**

Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open while rinsing. Do not rub affected area. Get medical attention if irritation develops and persists.

**Skin contact**

Wash skin with soap and water.

**Ingestion**

Rinse mouth. Never give anything by mouth to an unconscious person. Do NOT induce

vomiting. Call a physician.

**Self-protection of the first aider** Avoid contact with skin, eyes or clothing. Wear personal protective clothing (see section 8).

**Most important symptoms and effects, both acute and delayed**

**Symptoms** May cause redness and tearing of the eyes. Burning sensation. Prolonged contact may cause redness and irritation.

**Effects of Exposure** No information available.

**Indication of any immediate medical attention and special treatment needed**

**Note to physicians** Treat symptomatically.

## 5. Fire-fighting measures

**Suitable Extinguishing Media** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable extinguishing media** Do not scatter spilled material with high pressure water streams.

**Specific hazards arising from the chemical** No information available.

**Explosion data**

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** None.

**Special protective equipment and precautions for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

## 6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions** Avoid contact with skin, eyes or clothing. Use personal protective equipment as required.

**Other information** Refer to protective measures listed in Sections 7 and 8.

**Methods and material for containment and cleaning up**

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Pick up and transfer to properly labeled containers.

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

## 7. Handling and storage

**Precautions for safe handling**

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product.

**General hygiene considerations** Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product. Handle in accordance with good industrial hygiene and safety practice.

**Conditions for safe storage, including any incompatibilities**

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place.

## 8. Exposure controls/personal protection

### Control Parameters

#### Exposure Limits

| Chemical name               | ACGIH TLV                                                                                                        | OSHA PEL                                                                                                                                                                                                                               | NIOSH                                                                            |
|-----------------------------|------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------|

**Note** See section 16 for terms and abbreviations.

**Other information on limit values** Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992).

**Biological occupational exposure limits** This product, as supplied, contains materials that do not have reportable biological exposure limits or are not subject to the reporting requirements of the local jurisdiction.

#### Appropriate engineering controls

**Engineering controls** Showers  
Eyewash stations  
Ventilation systems.

#### Individual protection measures, such as personal protective equipment

**Eye/face protection** Wear safety glasses with side shields (or goggles).

**Hand protection** Wear suitable gloves.

**Skin and body protection** Wear suitable protective clothing.

**Respiratory protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

## 9. Physical and chemical properties

### Information on basic physical and chemical properties

**Physical state** Solid  
**Color** No information available  
**Odor (includes odor threshold)** Odorless

## Odor threshold

No data available

| <u>Property</u>                                           | <u>Values</u>     | <u>Remarks • Method</u> |

Other information

Miscible No

**10. Stability and reactivity**

|                                    |                                           |
|------------------------------------|-------------------------------------------|
| Reactivity                         | No information available.                 |
| Chemical stability                 | Stable under normal conditions.           |
| Possibility of hazardous reactions | None under normal processing.             |
| Conditions to avoid                | None known based on information supplied. |
| Incompatible materials             | None known based on information supplied. |
| Hazardous decomposition products   | None known based on information supplied. |

**11. Toxicological information**Information on likely routes of exposure

## Product Information

## Inhalation

Specific test data for the substance or mixture is not available. May cause irritation of respiratory tract.

|                     |                                                                                                                                                               |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye contact</b>  | Specific test data for the substance or mixture is not available. Causes serious eye irritation. (based on components). May cause redness, itching, and pain. |
| <b>Skin contact</b> | Specific test data for the substance or mixture is not available. Prolonged contact may cause redness and irritation. Causes mild skin irritation.            |
| <b>Ingestion</b>    | Specific test data for the substance or mixture is not available. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.             |

**Symptoms related to the physical, chemical and toxicological characteristics**

|                       |                                                                                                                   |
|-----------------------|-------------------------------------------------------------------------------------------------------------------|
| <b>Symptoms</b>       | May cause redness and tearing of the eyes. Burning sensation. Prolonged contact may cause redness and irritation. |
| <b>Acute toxicity</b> | No information available.                                                                                         |

**Numerical measures of toxicity**

The following ATE values have been calculated for the mixture

|                               |                 |
|-------------------------------|-----------------|
| ATEmix (oral)                 | 63,936.00 mg/kg |
| ATEmix (dermal)               | 99,999.00 mg/kg |
| ATEmix (inhalation-gas)       | 99,999.00 ppm   |
| ATEmix (inhalation-vapor)     | 99,999.00 mg/l  |
| ATEmix (inhalation-dust/mist) | 99,999.00 mg/l  |

**Component Information**

| Chemical name                                                         | Oral LD50             | Dermal LD50              | Inhalation LC50         |
|-----------------------------------------------------------------------|-----------------------|--------------------------|-------------------------|
| Organic sugar                                                         | = 29700 mg/kg ( Rat ) | -                        | -                       |
| Vegetable Glycerin                                                    | = 27200 mg/kg ( Rat ) | > 10 g/kg ( Rabbit )     | > 5.85 mg/L ( Rat ) 4 h |
| Propylene Glycol                                                      | = 20 g/kg ( Rat )     | = 20800 mg/kg ( Rabbit ) | -                       |
| Sulfonic acids, C14-16-alkane hydroxy and C14-16-alkene, sodium salts | = 2220 mg/kg ( Rat )  | > 740 mg/kg ( Rabbit )   | > 52 mg/L ( Rat ) 4 h   |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

|                                          |                                                                                                                                                               |
|------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Skin corrosion/irritation</b>         | Classification based on data available for ingredients. Causes mild skin irritation.                                                                          |
| <b>Serious eye damage/eye irritation</b> | Classification based on data available for ingredients. Causes serious eye irritation.                                                                        |
| <b>Respiratory or skin sensitization</b> | No information available.                                                                                                                                     |
| <b>Germ cell mutagenicity</b>            | No information available.                                                                                                                                     |
| <b>Carcinogenicity</b>                   | Based on available data, the classification criteria are not met.<br>The table below indicates whether each agency has listed any ingredient as a carcinogen. |

| Chemical name   | ACGIH                                       | IARC | NTP | OSHA |
|-----------------|---------------------------------------------|------|-----|------|
| Sodium stearate | A4 - Not classifiable as a human carcinogen | -    | -   | -    |
| Organic sugar   | A4 - Not classifiable as a human carcinogen | -    | -   | -    |

|                                 |                           |
|---------------------------------|---------------------------|
| <b>Reproductive toxicity</b>    | No information available. |
| <b>STOT - single exposure</b>   | No information available. |
| <b>STOT - repeated exposure</b> | No information available. |
| <b>Aspiration hazard</b>        | No information available. |

## 12. Ecological information

**Ecotoxicity** Harmful to aquatic life.

### Aquatic ecotoxicity

#### Component Information

| Chemical name                                                         | Fish                                                                                                                                                                                       | Crustacea                             | Algae/aquatic plants                                     | Toxicity to microorganisms |

**Mobility in soil** No information available.

**Other adverse effects** No information available.

## 13. Disposal considerations

### Disposal methods

**Waste from residues/unused products** Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

Contaminated packaging Do not reuse empty containers.

## 14. Transport information

|                            |                |
|----------------------------|----------------|
| <u>DOT</u>                 | NOT REGULATED  |
| Transport hazard class(es) | N/A            |

### US Federal Regulations

#### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

#### **SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

#### **CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

#### **CAA (Clean Air Act)**

This product does not contain any substances regulated as pollutants pursuant to Clean Air Act (CAA).

#### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

### US State Regulations

#### **California Proposition 65**

This product does not contain any Proposition 65 chemicals.

### **U.S. State Right-to-Know Regulations**

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
US OSHA Hazard Communication Standard 2024 (29 CFR 1910.1200) and Canada Hazardous Products Act (HPA) and the  
Hazardous Products Regulation (HPR), as amended

Issuing Date 08-Jan-2026

Revision date 10-Apr-2025

Revision Number 1

## 1. Identification

### Product identifier

Product Name 430117 MINI GLAM BEAR SHIMMER LOTION ASST

### Other means of identification

Product Code(s) 1848455

Synonyms None

### Recommended use of the chemical and restrictions on use

Recommended use Body Lotion for Human Use (Liquid or Solid)

Restrictions on use No information available

### Details of the supplier of the safety data sheet

Supplier Name MGA Entertainment Inc.

### Supplier Address

9220 Winnetka Ave  
Chatsworth  
CA  
CA 91311  
US

### Emergency telephone number

Supplier Phone Number Phone:(800) 2224685  
Fax:(818) 2214409

24 Hour Emergency Phone Number (800) 2224685

Emergency Telephone No information available

## 2. Hazard(s) identification

### Classification of the substance or mixture

This product is not considered hazardous by either the US OSHA Hazard Communication Standard 2024, or Canada Hazardous Products Act (HPA) and Hazardous Products Regulation (HPR), as amended.

### Label elements

None

### Hazard statements

No hazard statements required.

**Hazards classified under paragraph (d)(1)(ii) of 1910.1200**

No information available.

**Other information**

No information available.

### 3. Composition/information on ingredients

**Substance**

Not applicable.

**Mixture**

| Chemical name                    | CAS No.    | Weight-% | Hazardous Material Information Review Act registry number (HMIRA registry #) | Date HMIRA filed and date exemption granted (if applicable) |
|----------------------------------|------------|----------|------------------------------------------------------------------------------|-------------------------------------------------------------|
| Calcium Aluminum Borosilicate    | 65997-17-3 | 4.5      | -                                                                            | -                                                           |
| Glycerol                         | 56-81-5    | 4        | -                                                                            | -                                                           |
| Titanium dioxide                 | 13463-67-7 | 2.75     | -                                                                            | -                                                           |
| Ethylene glycol monophenyl ether | 122-99-6   | 0.8      | -                                                                            | -                                                           |

### 4. First-aid measures

**Description of first aid measures**

|              |                                                                                                                      |
|--------------|----------------------------------------------------------------------------------------------------------------------|
| Inhalation   | Remove to fresh air.                                                                                                 |
| Eye contact  | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician. |
| Skin contact | Wash skin with soap and water.                                                                                       |
| Ingestion    | Rinse mouth.                                                                                                         |

**Most important symptoms and effects, both acute and delayed**

Symptoms No information available.

Effects of Exposure No information available.

**Indication of any immediate medical attention and special treatment needed**

Note to physicians Treat symptomatically.

### 5. Fire-fighting measures

**Suitable Extinguishing Media** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable extinguishing media** Do not scatter spilled material with high pressure water streams.

**Specific hazards arising from the chemical** No information available.

**Hazardous combustion products** Carbon oxides.

**Explosion data**

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** None.

**Special protective equipment and precautions for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear.  
Use personal protection equipment.

## 6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions** Avoid contact with eyes.

**Methods and material for containment and cleaning up**

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Pick up and transfer to properly labeled containers.

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

## 7. Handling and storage

**Precautions for safe handling**

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice.

**Conditions for safe storage, including any incompatibilities**

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place.

## 8. Exposure controls/personal protection

**Control Parameters**

**Exposure Limits**

| Chemical name                               | ACGIH TLV                                                                                                                                                                                                  | OSHA PEL | NIOSH |

**Note** See section 16 for terms and abbreviations.

**Other information on limit values** Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992).

**Biological occupational exposure limits** This product, as supplied, contains materials that do not have reportable biological exposure limits or are not subject to the reporting requirements of the local jurisdiction.

#### Appropriate engineering controls

**Engineering controls** Showers  
Eyewash stations  
Ventilation systems.

#### Individual protection measures, such as personal protective equipment

**Eye/face protection** Appropriate eye/face protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction.

**Hand protection** Appropriate hand protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction.

**Skin and body protection** Appropriate skin and body protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction.

**Respiratory protection** Appropriate respiratory protection should be selected and used according to the chemical nature, hazards and use of this product and safety requirements of the local jurisdiction. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

## 9. Physical and chemical properties

### Information on basic physical and chemical properties

**Physical state** Liquid  
**Color** No information available  
**Odor (includes odor threshold)** Odorless  
**Odor threshold** No data available

Miscible No

## 10. Stability and reactivity

|                                    |                                           |
|------------------------------------|-------------------------------------------|
| Reactivity                         | No information available.                 |
| Chemical stability                 | Stable under normal conditions.           |
| Possibility of hazardous reactions | None under normal processing.             |
| Hazardous polymerization           | Hazardous polymerization does not occur.  |
| Conditions to avoid                | None known based on information supplied. |
| Incompatible materials             | None known based on information supplied. |
| Hazardous decomposition products   | Carbon oxides.                            |

## 11. Toxicological information

**Information on likely routes of exposure**

|              |                                                                   |
|--------------|-------------------------------------------------------------------|
| Inhalation   | Specific test data for the substance or mixture is not available. |
| Eye contact  | Specific test data for the substance or mixture is not available. |
| Skin contact | Specific test data for the substance or mixture is not available. |
| Ingestion    | Specific test data for the substance or mixture is not available. |

**Symptoms related to the physical, chemical and toxicological characteristics**

Symptoms No information available.

**Acute toxicity** No information available.

**Numerical measures of toxicity**

The following ATE values have been calculated for the mixture

|                               |                 |
|-------------------------------|-----------------|
| ATEmix (oral)                 | 99,999.00 mg/kg |
| ATEmix (dermal)               | 99,999.00 mg/kg |
| ATEmix (inhalation-gas)       | 99,999.00 ppm   |
| ATEmix (inhalation-vapor)     | 99,999.00 mg/l  |
| ATEmix (inhalation-dust/mist) | 99,999.00 mg/l  |

**Component Information**

| Chemical name                    | Oral LD50             | Dermal LD50          | Inhalation LC50          |
|----------------------------------|-----------------------|----------------------|--------------------------|
| Vegetable Glycerin               | = 27200 mg/kg ( Rat ) | > 10 g/kg ( Rabbit ) | > 5.85 mg/L ( Rat ) 4 h  |
| Titanium dioxide                 | > 2000 mg/kg ( Rat )  | -                    | > 5.09 mg/L ( Rat ) 4 h  |
| Ethylene glycol monophenyl ether | = 1850 mg/kg ( Rat )  | = 5 mL/kg ( Rabbit ) | > 0.057 mg/L ( Rat ) 8 h |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Skin corrosion/irritation** No information available.

**Serious eye damage/eye irritation** No information available.

**Respiratory or skin sensitization** No information available.

**Germ cell mutagenicity** No information available.

**Carcinogenicity** Based on available data, the classification criteria are not met. Classification based on data available for ingredients. This product contains titanium dioxide in a non-respirable form. Inhalation of titanium dioxide is unlikely to occur from exposure to this product.

The table below indicates whether each agency has listed any ingredient as a carcinogen.

| Chemical name                 | ACGIH                                                               | IARC                                                           | NTP | OSHA |
|-------------------------------|---------------------------------------------------------------------|----------------------------------------------------------------|-----|------|
| Calcium Aluminum Borosilicate | A4 - Not classifiable as a human carcinogen                         | Group 3 - Not classifiable as to its carcinogenicity to humans | -   | -    |
| Titanium dioxide              | A3 - Confirmed animal carcinogen (with unknown relevance to humans) | Group 2B - Possibly carcinogenic to humans                     | -   | X    |

**Reproductive toxicity** No information available.

**STOT - single exposure** No information available.

**STOT - repeated exposure** No information available.

**Aspiration hazard** No information available.

**12. Ecological information**

**Ecotoxicity** Based on available data, the classification criteria are not met.

**Aquatic ecotoxicity**

#### Component Information

| Chemical name                    | Fish                                                                                         | Crustacea                            | Algae/aquatic plants                           | Toxicity to microorganisms                     |
|----------------------------------|----------------------------------------------------------------------------------------------|--------------------------------------|------------------------------------------------|------------------------------------------------|
| Vegetable Glycerin               | 96h LC50: 51 - 57 mL/L (Oncorhynchus mykiss)                                                 | -                                    | -                                              | -                                              |
| Ethylene glycol monophenyl ether | 96h LC50: 337 - 352 mg/L (Pimephales promelas)<br>96h LC50: = 366 mg/L (Pimephales promelas) | 48h EC50: > 500 mg/L (Daphnia magna) | 72h EC50: > 500 mg/L (Desmodesmus subspicatus) | EC50 = 32.4 mg/L 5 min<br>EC50 = 880 mg/L 17 h |

**Persistence and degradability** No information available.

#### Bioaccumulative potential

| Chemical name                    | Partition coefficient | Bioconcentration factor (BCF) | Trophic magnification factor (TMF) |
|----------------------------------|-----------------------|-------------------------------|------------------------------------|
| Vegetable Glycerin               | -1.75                 | 5                             | -                                  |
| Ethylene glycol monophenyl ether | 1.2                   | -                             | -                                  |

**Mobility in soil** No information available.

**Other adverse effects** No information available.

### 13. Disposal considerations

#### Disposal methods

**Waste from residues/unused products** Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Do not reuse empty containers.

### 14. Transport information

**DOT** NOT REGULATED  
Transport hazard class(es) N/A

**TDG** Not applicable

**MEX** Not applicable

**ICAO (air)** Not applicable

**IATA** Not applicable  
Transport hazard class(es) N/A

**IMDG** Not applicable  
Transport hazard class(es) N/A

## 15. Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

#### International Regulations

**The Montreal Protocol on Substances that Deplete the Ozone Layer** Not applicable

**The Stockholm Convention on Persistent Organic Pollutants** Not applicable

**The Rotterdam Convention** Not applicable

#### International Inventories

**TSCA** Contact supplier for inventory compliance status.

|                      |                                                   |
|----------------------|---------------------------------------------------|
| <b>DSL/NDSL</b>      | Contact supplier for inventory compliance status. |
| <b>EINECS/ELINCS</b> | Contact supplier for inventory compliance status. |
| <b>ENCS</b>          | Contact supplier for inventory compliance status. |
| <b>IECSC</b>         | Contact supplier for inventory compliance status. |
| <b>KECL</b>          | Contact supplier for inventory compliance status. |
| <b>PICCS</b>         | Contact supplier for inventory compliance status. |
| <b>AIIC</b>          | Contact supplier for inventory compliance status. |
| <b>NZIoC</b>         | Contact supplier for inventory compliance status. |

#### **Legend:**

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL/NDSL** - Canadian Domestic Substances List/Non-Domestic Substances List

**EINECS/ELINCS** - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances

**ENCS** - Japan Existing and New Chemical Substances

**IECSC** - China Inventory of Existing Chemical Substances

**KECL** - Korean Existing Chemicals Inventory

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances

**AIIC** - Australian Inventory of Industrial Chemicals

**NZIoC** - New Zealand Inventory of Chemicals

**TCSI** - Taiwan Chemical Substance Inventory

#### US Federal Regulations

##### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

##### **SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

##### **CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

##### **CAA (Clean Air Act)**

This product does not contain any substances regulated as pollutants pursuant to Clean Air Act (CAA).

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

**US State Regulations****California Proposition 65**

This product contains the following Proposition 65 chemicals:.

| Chemical name    | California Proposition 65 |
|------------------|---------------------------|
| Titanium dioxide | Carcinogen                |

**U.S. State Right-to-Know Regulations**

| Chemical name                    | New Jersey | Massachusetts | Pennsylvania |
|----------------------------------|------------|---------------|--------------|
| Vegetable Glycerin               | X          | X             | X            |
| Titanium dioxide                 | X          | X             | X            |
| Ethylene glycol monophenyl ether | X          | -             | X            |
| Polydimethylsiloxane             | X          | -             | -            |
| Triethanolamine                  | X          | X             | X            |
| Tin oxide                        | X          | X             | -            |
| C.I. Acid Blue 9 (42090)         | -          | X             | -            |

**U.S. EPA Label Information**

**EPA Pesticide Registration Number** Not applicable
