

Safety Data Sheet COLD PROCESS BAR SOAP

SECTION 1: Identification

1.1 GHS Product identifier

Product name	COLD PROCESS BAR SOAP
Brand	Dr. Squatch, LLC

1.2 Other means of identification

UPC: 851817007672
SKU: BAR-FF
NAME: FRESH FALLS BAR SOAP

1.3 Recommended use of the chemical and restrictions on use

Recommended use: personal care, personal hygiene

1.4 Supplier's details

Name	
Address	4065 Glencoe Ave Suite 300 B Marina Del Rey CA 90292 USA

Telephone	424-210-7344
-----------	--------------

1.5 Emergency phone number

424-210-7344

SECTION 2: Hazard identification

General hazard statement

May irritate eye tissue

"Consumer Products", as defined by the US Consumer Product Safety Act and which are used as intended (typical consumer duration and frequency), are exempt from the OSHA Hazard Communication Standard (29 CFR 1910.1200). This SDS is being provided as a courtesy to help assist in the safe handling and proper use of the product.

Safety Data Sheet

COLD PROCESS BAR SOAP

"Cosmetics" which are packaged for sale to consumers in a retail establishment, and cosmetics intended for personal consumption by employees while in the workplace are exempt from the OSHA Hazard Communication Standard (29 CFR 1910.1200). This SDS is being provided as a courtesy to help assist in the safe handling and proper use of the product.

2.1 Classification of the substance or mixture

GHS classification in accordance with: (US) OSHA (29 CFR 1910.1200)

Not a hazardous substance or mixture.

2.2 GHS label elements, including precautionary statements

Not a hazardous substance or mixture.

2.3 Other hazards which do not result in classification

This product is considered "non-hazardous" within the definition of the OSHA Hazard Communication Standard (29 CFR 1910.1200).

SECTION 3: Composition/information on ingredients

3.2 Mixtures

Mixture. This product is considered "non-hazardous" within the definition of the OSHA Hazard Communication Standard (29 CFR 1910.1200). This product is not manufactured to contain a reportable component as defined in 29 CFR 1910.1200.

SECTION 4: First-aid measures

4.1 Description of necessary first-aid measures

General advice	In case of accident or if you feel unwell, seek medical advice immediately
If inhaled	N/A
In case of skin contact	Wash thoroughly with water until all material has been rinsed away. Get medical attention if irritation develops or persists.
In case of eye contact	May cause irritation. Flush with water for 15 minutes. If irritation persists seek medical attention.
If swallowed	May cause gastric distress, vomiting, and diarrhea. Consume two glasses of water for dilution; do not induce vomiting; seek medical attention. Call a poison center or doctor if you feel unwell. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person.

4.2 Most important symptoms/effects, acute and delayed

May cause eye irritation.

4.3 Indication of immediate medical attention and special treatment needed, if necessary

Treat symptomatically and supportively.

SECTION 5: Fire-fighting measures

Safety Data Sheet

COLD PROCESS BAR SOAP

5.1 Suitable extinguishing media

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

5.2 Specific hazards arising from the chemical

None

5.3 Special protective actions for fire-fighters

Wear self-contained breathing apparatus for firefighting if necessary.

Further information

Use water spray to cool unopened containers.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Manufacturing Sites: None under normal conditions

Surfaces can be slippery, especially if water is used to clean up a spill.

Distribution, Workplace and Household Settings:

Not normally required when cleaning up small spills. Surfaces can be slippery, especially if water is used to clean up a spill.

6.2 Environmental precautions

Manufacturing Sites:

Do not let product enter drains.

Distribution, Workplace and Household Settings:

Not required for normal use. Do not discharge product into natural waters without pre-treatment or adequate dilution.

6.3 Methods and materials for containment and cleaning up

Soak up with inert absorbent material and dispose of in accordance with applicable local or national requirements.

Keep in suitable, closed containers for disposal.

Reference to other sections

For disposal see section 13.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Manufacturing Sites:

Keep container closed when not in use

7.2 Conditions for safe storage, including any incompatibilities

Manufacturing Sites:

To preserve the product, keep containers tightly closed in a dry, cool and well-ventilated place.

Distribution, Workplace and Household Settings:

To preserve the product, keep containers closed and in dry places. Keep out of reach of children.

Specific end use(s)

Apart from the uses mentioned in section 1 no other specific uses are stipulated.

Safety Data Sheet

COLD PROCESS BAR SOAP

SECTION 8: Exposure controls/personal protection

8.2 Appropriate engineering controls

Exposure Guidelines: Exposure guidelines are not relevant when product is used as intended in a household setting.

8.3 Individual protection measures, such as personal protective equipment (PPE)

Eye/face protection

Manufacturing Sites:

Safety glasses with side shields. Ensure that eyewash stations and/or safety showers are close to the workstation location.

Distribution, Workplace and Household Settings:

No special protective equipment required

Skin and Body protection

No special protective equipment required.

Respiratory protection

No special protective equipment required.

Hand Protection

No special protective equipment required.

SECTION 9: Physical and chemical properties

Basic physical and chemical properties

Physical state	Solid
Appearance	Generally appears as a light blue/gray, solid.
Color	Generally appears as a light blue/gray, solid.
Odor	Fresh Falls
Odor threshold	No data available.
Melting point/freezing point	No data available.
Boiling point or initial boiling point and boiling range	No data available.
Flammability	No data available.
Lower and upper explosion limit/flammability limit	No data available.
Flash point	No data available.
Explosive properties	No data available.
Auto-ignition temperature	No data available.
Decomposition temperature	No data available.
Oxidizing properties	No data available.
pH	8.5 - 10
Kinematic viscosity	No data available.
Solubility	No data available.
Partition coefficient n-octanol/water (log value)	No data available.
Vapor pressure	No data available.
Evaporation rate	No data available.
Density and/or relative density	No data available.
Relative vapor density	No data available.

Further safety characteristics (supplemental)

No data available.

Safety Data Sheet

COLD PROCESS BAR SOAP

SECTION 10: Stability and reactivity

10.1 Reactivity

Stable under recommended storage conditions.

10.2 Chemical stability

Stable under normal storage conditions.

10.3 Possibility of hazardous reactions

None under normal processing.

10.4 Conditions to avoid

None under normal processing.

10.5 Incompatible materials

None known.

10.6 Hazardous decomposition products

No data available.

SECTION 11: Toxicological information

Information on toxicological effects

Acute toxicity

No known effect

Skin corrosion/irritation

No known effect

Serious eye damage/irritation

May cause eye irritation, though this is not expected under normal use. Discontinue use if you experience any eye irritation.

Respiratory or skin sensitization

No known effect

Germ cell mutagenicity

No known effect

Carcinogenicity

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by IARC.

ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.

NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

Reproductive toxicity

No known effect

Specific target organ toxicity (STOT) - single exposure

Safety Data Sheet

COLD PROCESS BAR SOAP

No known effect

Specific target organ toxicity (STOT) - repeated exposure

No known effect

Aspiration hazard

No known effect

SECTION 12: Ecological information

Toxicity

No data available on product

Persistence and degradability

No data available on product

Bioaccumulative potential

No data available on product

Mobility in soil

No data available on product.

Results of PBT and vPvB assessment

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

Other adverse effects

No data available on product.

SECTION 13: Disposal considerations

Disposal methods

Product disposal

Manufacturing, Distribution, and Workplace:

Disposal should be in accordance with applicable Federal, State and local laws and regulations. Local regulations may be more stringent than State or Federal requirements.

Household Settings:

Diluted product can be flushed to sanitary sewer. Disposal should be in accordance with applicable Federal, State and local laws and regulations. Local regulations may be more stringent than State or Federal requirements.

Packaging disposal

Dispose of as unused product.

SECTION 14: Transport information

Not Dangerous goods

Not dangerous goods

IMDG

Not dangerous goods

IATA

Not dangerous goods

Safety Data Sheet

COLD PROCESS BAR SOAP

SECTION 15: Regulatory information

HMIS Rating

COLD PROCESS BAR SOAP	
HEALTH	* 1
FLAMMABILITY	0
PHYSICAL HAZARD	0
PERSONAL PROTECTION	A

SECTION 16: Other information

16.1 Further information/disclaimer
