P102	Keep out of reach of children.	Consumer Products
P103	Read label before use.	Consumer Products

Section 3. Composition/Information on ingredients

Hazardous components: This product does not contain any known hazardous material under the federal OSHA Hazard Communication Standard 29 CFR 1910.1200

Composition of product mixture: Please see ingredient deck for a list of ingredients within this product. The percentage of each ingredient is the intellectual property of the Brand Name Company and the Manufacturer. Detailed composition information is available upon written request.

Section 4. First-aid measures

Inhalation: If respiratory irritation occurs, remove individual to fresh air.

Skin contact: If product causes skin irritation, discontinue use. Seek medical attention if discomfort persists.

Eye contact: If product causes eye irritation thoroughly rinse affected eye area with water for 15-20 minutes. If discomfort or irritation persists, seek medical attention.

Ingestion: Accidental ingestion of product may require medical attention. In case of accidental ingestion dilute with fluids and treat symptomatically. Do not induce vomiting. Get medical attention immediately if serious symptoms occur.

Section 5. Fire-fighting measures

Extinguishing media: Use appropriate fire extinguisher.

Not suitable: For oil base products do not use water to extinguish fire.

Special exposure hazards for non-household settings: Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a larger fire. No action should be taken involving any personal risk or without suitable training.

Special protective equipment for fire-fighters: Fire- Fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full- face piece operated in positive pressure mode.

Section 6. Accidental release measures

For household settings: Absorb or Vacuum spill and scrub the area with mild detergent water.

For non-household settings personal precautions: Do not take any action which causes personal risk without suitable training. Prevent the entry of unnecessary and unprotected personnel. Do not touch spilled material without appropriate protective gear.

Emergency produces: Evacuate the premises if the spill is airborne or has a risk of combusting.

Methods for containment: Use a damp cloth and place on or around spill to stop further spread.

Clean up procedures: If spill is non-toxic to health and is easily contained, remove spill with Vacuum or sweep up product and dispose according to local regulations. Do not allow product to enter sewers or drainage systems.

Environmental precautions: Avoid dispersal of spill material, runoff, and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, oil or air).

Section 7. Handling and storage

Handling:

Handle in a sanitary manner. Avoid contact with any unintended areas.

Storage:

Do not expose product to direct sunlight for a prolonged period of time. Avoid dramatic pressure and humidity changes since it may affect the product structure and function. Product must be stored in room temperature conditions. Never store the product passed its expiration date. Brand Name Company and Manufacturer are not liable for any product which has not been stored properly. Keep product out of reach of children.

Section 8. Exposure controls/personal protection

Non household settings:

Only use with adequate light and ventilation.

Hygiene measures:

Wash hands before and after handling the product.

In household settings:

Read the product label and use as described. Do not deviate from product label instruction. If product shows signs of contamination or separation, discontinue use of the product.

Section 9. Physical and chemical properties

Appearance:	Transparent Viscous Gel
Color:	Pale Yellow to yellow
Odor:	To match standard
Consistency:	Viscous Gel
pH:	6.70-7.40
Viscosity (4 @30 rpm):	1,800-3,000 cps
Specific gravity:	N/A
Flammability:	Non-Flammable
Solubility:	Miscible
Flashpoint:	>200 degrees F
Boiling Point:	Not Known
Vapor Pressure:	Not Known

Section 10. Stability and Reactivity

Stability: This product is deemed stable under normal storage conditions.

Reactivity: Unknown.

Conditions to avoid: Extreme change in environmental conditions and introduction of exterior contaminants.

Section 11. Toxicological Information

This is a personal care or cosmetic product that is safe for consumers under intended and reasonably foreseeable use. The product does not contain any known toxins and had not undergone toxicological testing.

Section 12. Ecological information

Environmental effects: No known significant effects or critical hazards.

Section 13. Disposal consideration

For household settings: Use original container for disposal.

Disposal guidelines: Do not dispose in sewage, water pathways and drains. Dispose in accordance with regional, national and local laws and regulations.

For non-household settings: Call appropriate waste management company for disposal guidance.

Section 14. Transport information

This material is not hazardous and is safe for transportation by land, sea and air. Always comply with national and local laws during transportation.

Section 15. Regulatory information

Product is compliant with all United States of America Food & Drug Administration regulations. Product also complies with global standards set by international regulation bodies.

Section 16. Other information

Notice: The statements and information contained herein are based upon supplier technical data that Derma e® and the Manufacturer believes to be reliable, and it is used to offer informational purposes only and as a guide to the appropriate precautionary and emergency handling of the product. User should consider these data only as a supplement to other information gathered by them and must make independent determinations of suitability and completeness of information from all sources to assure proper use, storage and disposal of these products and the safety and health of employees and customer and the protection of environment.

Derma e® and the Manufacturer makes no representation or warranty of any kind, express or implied, including merchantability or fitness for a particular use, with respect to the information herein or the product to which the information refers.
