Drug Facts

Active ingredient (in each tablet)
Sennosides 8.6 mg

Uses
■ relieve occasional constipation (irregularity)
■ generally causes bowel movement in 6-12 hours

Warnings
■ Do not use ■ Laxative products for longer than 1 week unless directed by a doctor. Ask a doctor before use if you have ■ stomach pain ■ nausea ■ vomiting ■ noticed a sudden change in bowel movements that continues over a period of 2 weeks. Stop use and ask a doctor if you have rectal bleeding or if you have a bowel movement after use of a laxative. These may indicate a serious condition. ■ If you are pregnant, ask a health professional before use. ■ Keep out of reach of children. ■ See important information about Senna on each tablet. ■ Help or contact Poison Control Center 1-800-222-1222 right away.

Directions
■ Take preferably at bedtime or as directed by a doctor. ■ If you do not have a comfortable bowel movement by the second day, increase dose by one tablet (do not exceed maximum dosage) or decrease dose until you are comfortable.

Other information
■ Each tablet contains calcium 25 mg, sodium 2 mg (VERY LOW SODIUM)
■ Store at 25°C (77°F); excursions permitted between 15°-30°C (59°-86°F)
