

**Daily Menopause Supplement
for Hot Flashes, Night Sweats
and Mood Support***

**MENOPAUSE & YOUR BODY'S
INTERNAL BALANCE**

Starting as early as 35 and intensifying throughout the menopause transition, the body undergoes several changes that can disrupt how you regulate temperature and mood. That's why hot flashes, night sweats, and mood shifts are so common — your body is adjusting and may benefit from support to keep cool.

Directions: Take two gummies daily. Chew thoroughly before swallowing. Use consistently for at least 30 days for best results.
