

SAFETY DATA SHEET

Date of issue: 31.01.2025

Version: 1

Page 1 of 5

Product: Pixi Beauty – Fresh Fig Eau de Parfum

1. Identification of the substance/mixture and of the company/undertaking

Product identifier

Product form Mixture
Product name(s) Pixi Beauty – Fresh Fig Eau de Parfum

Relevant identified uses of the substance or mixture and uses advised against

Intended Use Perfume
Uses advised against Avoid the eye area.

Details of the supplier of the safety data sheet

Manufacturer
Fragrances UK Limited
Fen Lane
Metheringham
Lincoln
LN4 3AQ
Telephone: +44(0) 1526 321818
E-mail info@fragrances-uk.com

Emergency telephone number

Emergency telephone +44(0) 7586 946353

2. Hazards identification

Classification of the substance or mixture

Classification according to Regulation (EC) No. 1272/2008 [CLP]

Flammable Liquids, Category 2 H225
Serious eye damage/eye irritation, Category 2 H319

Label elements

Labelling according to Regulation (EC) No. 1272/2008 [CLP]
Hazard pictograms (CLP):

GHS02

GHS07

Signal word (CLP):

Danger

Hazard statements (CLP):

H225 – Highly flammable liquid and vapour.
H319 – Causes serious eye irritation.

SAFETY DATA SHEET

Date of issue: 31.01.2025

Version: 1

Page 2 of 5

Product: Pixi Beauty – Fresh Fig Eau de Parfum

Precautionary statements (CLP):

P102 – Keep out of reach of children.
P210 – Keep away from heat, open flames. No smoking.
P305+P351+P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P337+P313 – If eye irritation persists: Get medical advice/attention.

3. Composition/information on ingredients

Substances Not applicable

Mixtures Product contains:

Chemical composition		Alcohol Denat., Parfum, Aqua.	
CAS number		Not applicable, product is a mixture.	
EC number		Not applicable, product is a mixture.	
Name	CAS No.	EC No.	% w/w
Alcohol Denat.	64-17-5	200-578-6	86.40000
Mixture of aromatic substances	N/A	N/A	10.00000
Aqua	7732-18-5	231-791-2	3.60000

4. First aid measures

Description of first aid measures

First aid measures general

Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).

Eye Contact

Immediately wash out eye with copious clean water for at least 10 minutes, while holding the eye open. Seek medical advice if symptoms persist.

Skin Contact

Wash skin with soap and water

Ingestion

Wash out mouth with water. DO NOT induce vomiting. Seek medical advice

Inhalation

Remove to fresh air immediately. Keep at rest. If breathing difficulties develop seek medical attention.

Most important symptoms and effects both acute and delayed

Symptoms/effects after eye contact: Causes serious eye irritation

Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

SAFETY DATA SHEET

Date of issue: 31.01.2025

Version: 1

5. Fire fighting measures

Extinguishing media	Water, spray, alcohol-resistant foam, powder or carbon dioxide. Keep containers and surroundings cool with water spray.
Special hazards	Possibility of re-ignition. Vapours can travel a considerable distance to a source of ignition and flashback. This product gives off flammable vapours which may form explosive mixtures in air. Containers may explode in heat of fire.
Special PPE	As in any fire, wear self contained breathing apparatus in pressure demand. MSHA/NIOSH (approved or equivalent), and full protective gear.

6. Accidental release measures

Method of clean up	Prevent spread of material by use of temporary bund or impervious barrier. Allow to evaporate if safe to do so or contain and absorb on inert powder (e.g. sand, Spill-Dri). Shovel into plastic lined containers and seal. Flush area well with water and detergent.
Precautions	Spillages will create a fire hazard. Eliminate all sources of ignition. Ventilate contaminated areas thoroughly. Vapours can accumulate in low areas. Beware of vapours accumulating to form explosive concentrations. Prevent inhalation, skin & eye contact. For large volumes consider need for evacuation. Use Personal protective equipment as indicated in section 8.
Environmental precautions	Prevent entry of large quantities into the drains of water courses. Advice authorities if spillage has entered water course or sewer or has contaminated soil or vegetation.

7. Handling and storage

Bulk storage	Storage area should be cool, dry and well ventilated. Store away from sources of heat or ignition, away from incompatible materials. Keep containers tightly closed. Storage & transfer equipment should be adequately earthed to prevent accumulation of static discharge. Store in accordance with the Highly Flammable Liquids and Liquefied Petroleum Gases Regulations.
Bulk handling	Use in well-ventilated area. Avoid inhalation of vapour, contact with skin & eyes. Use local ventilation to control exposure to product to below recommended limits. Suitable equipment for dealing with fire/spillage should be readily available.
Consumer pack	Use only in accordance with pack instructions.

8. Exposure controls/personal protection

Personal Protective Equipment	Not required for normal conditions of use.
--------------------------------------	--

SAFETY DATA SHEET

Date of issue: 31.01.2025

Version: 1

Page 4 of 5

Product: Pixi Beauty – Fresh Fig Eau de Parfum

Eye Protection:	Avoid contact with eyes.
Environmental exposure controls	Avoid release to the environment.
Other information	Do not eat, drink, or smoke during use.

9. Physical and chemical properties

Appearance	Colourless liquid.
Odour	Characteristic
Boiling point range, °C	Not determined.
Flash point (°C, closed cup)	13°C (55.4°F).
Flammability (vapour)	Flammable liquid & vapour.
Relative Density	0.820 – 0.860
Boiling Point	Not determined.
Freezing Point	Not determined.
Solubility in water	Miscible

Note: Section 9 is not a specification.

10. Stability and reactivity

Stability	Stable under normal conditions
Conditions/materials to avoid	High temperatures, sources of ignition, oxidising agents.
Hazardous decomposition products	Combustion of ethanol and propylene glycol will produce oxides of carbon. Thermal decomposition of ACH> 100°C with the formation of corrosive fumes of Hydrogen chloride. Cyclomethicone – Formaldehyde may be formed if temperatures exceed 150°C in the presence of air due to oxidative decomposition.

11. Toxicological information

Acute toxicity	Eye: Not tested, but likely to cause irritation. Skin: High concentrations may cause sensitization by skin contact Ingestion: Not tested. Inhalation: Not tested.
-----------------------	--

12. Ecological information

General	This material is unlikely to accumulate in the environment and environmental problems under normal use are unexpected.
Bio-accumulation	No evidence of bioaccumulation.

13. Disposal considerations

Waste treatment methods

In accordance with the latest guidance issued by the environmental agency. Avoid disposal into drainage systems and into the environment.

14. Transport information

UN
IMDG
ADR/RID

UN 1266 PERFUMERY PRODUCT
Class 3, PG II, Limited quantities
Class 3, PG II, Limited quantities

Finished packaged product transported by air (IATA)

UN1266, Perfumery Product, Class 3, PG II, Limited Quantity (Class 9, ID8000, Consumer Commodity)

15. Regulatory information

Hazard statements (CLP):

H225 – Highly flammable liquid and vapour.
H319 – Causes serious eye irritation.

Precautionary statements (CLP):

P102 – Keep out of reach of children.
P210 – Keep away from heat, open flames. No smoking.
P305+P351+P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P337+P313 – If eye irritation persists: Get medical advice/attention.

16. Other information

Note

This Safety Data Sheet is based upon data considered to be accurate at the time of its preparation. Despite best efforts it may not be completely up to date or applicable to the circumstances of a particular case. Users should make their own investigations to determine suitability of the contained information for their own use.
