

SAFETY DATA SHEET

Section 1: Identification

Product Name: No Gray Quick Renew Shampoo - Color

Product Identifier – Dual Chamber Hair Color

Recommended Use: Color Shampoo

Company: DeveloPlus, Inc.

1575 Magnolia Ave.

Corona, CA 92879 U.S.A

Tel.: +1 951-738-8595

Fax: +1 951-738-8593

Web: www.developlus.com;

Hours of Operation

Monday-Friday 8.00 am – 5.00 pm (UTC-08:00)

Recommendations on use: Personal care product to be mixed with companion product(s) in accordance with instructions and applied to hair to aid in coloring.

Restrictions on use: For external use only. Use only as directed. See product packaging/insert for skin allergy test conditions.

Section 2: Hazard(s) Identification

Hazard Classification: Eye Damage Category 1. Skin Irritant Category 2. Acute Toxicity Oral Category 4.

Signal Word(s): DANGER

Hazard Statements: Causes Skin Irritation. Causes serious eye damage. Harmful if swallowed

Pictograms:

This material is considered hazardous by the US Occupational Safety and Health Administration Hazard Communication Standard (29 CFR 1910.1200). Ingredients present at 1.0 % or greater which are classified individually as hazardous are indicated in Section 3. Ingredients present at 0.1% or greater which are classified individually as carcinogenic are indicated in Section 3.

Precautionary Statements: Keep out of reach of children. Read label before use. Causes serious eye damage. May cause an allergic skin reaction. Causes skin irritation. Wash eyes and all skin surfaces contacted thoroughly after handling. Harmful if swallowed. Over-exposure may cause respiratory irritation. Do not eat, drink or smoke when using this product

Description of other hazards: None

Section 3: Composition/ Information on Ingredients

Chemical characterization: Mixtures

Description: Mixture of the substances listed below with nonhazardous additions. Hazardous substances present at 1.0 % or greater are indicated. Substance which may be considered carcinogenic are listed if present at 0.1% or greater.

Only hazardous constituents associated with the product are listed below

Chemical Name	CAS#	Conc.
Ethanolamine	141-43-5	≤2.0%
Alcohols, C16-18, ethoxylated	68439-49-6	≤1.2%

It may contain:

p-Phenylenediamine	106-50-3	≤1.25%
--------------------	----------	--------

Section 4: First-Aid Measures

After skin contact: May be irritating to skin. The product can cause allergic skin reactions (e.g., rashes, welts, dermatitis) or sensitization in some sensitive individuals. Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. If skin irritation persists: Get medical attention. See product packaging/insert for additional information.

After eye contact: Moderately irritating to the eyes. Symptoms of overexposure may include redness, itching, stinging, irritation and watering. Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing for at least 20 minutes or until material is sufficiently removed from the eye. If eye irritation persists: Get medical advice/attention if irritation or other symptoms occur.

After inhalation: May cause mild, transient respiratory irritation. Avoid prolonged contact with concentrated vapors or mists. Remove person to fresh air and keep in a position comfortable for breathing. Immediately call a Poison Control Center or doctor if person feels unwell.

After swallowing: If product is swallowed may cause nausea, vomiting and/or diarrhea. Rinse mouth. Do not induce vomiting. Never give anything by mouth to an unconscious individual. Immediately call a Poison Control Center or doctor.

Acute Health Effects: Moderate irritation to eyes. Symptoms of overexposure may include redness, itching, stinging, irritation and watering. Moderate irritation to skin near affected areas.

Chronic Health Effects: No harmful or chronic health effects are expected to occur from a single accidental ingestion.

Section 5: Fire-Fighting Measures

This product is not flammable. However, if involved in a fire, this product may decompose at high temperatures to form toxic gases (e.g., CO, CO₂, and NO_x).

Suitable extinguishing agents: Use fire fighting measures that suit the environment

Special protective equipment for firefighters: No special measures required.

Section 6: Accidental Release Measures

Personal precautions: Wear protective equipment. Keep unprotected persons away.

Measures for environmental protection: Do not allow to enter sewers/ surface or ground water.

Measures for cleaning/collecting: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent.

Dispose contaminated material as waste according to item 13.

Section 7: Handling and Storage

Work & Hygiene Practices: Do not eat, drink or smoke when handling this product. Wash thoroughly after handling. Avoid contact with eyes, skin, and clothing. Do not expose to heat and flame. Use only in ventilated areas. Keep out of the reach of children. Wash unintentional residues with soap and warm water.

Storage & Handling: Use and store in a cool, dry, well-ventilated location (e.g., local exhaust ventilation, fans) away from heat and direct sunlight. Keep away from incompatible substances. Protect containers from physical damage. Keep away from children at all times!

Special Precautions: Spilled material may present a slipping hazard. Clean up all spills promptly.

Section 8: Exposure Controls/Personal Protection

These criteria have been published by the referenced authority to establish exposure limits in the work environment. Employee work areas should be monitored to ensure that permissible limits are not exceeded during the workday. These references do not coincide with product use. These references are meant to be in association with the manufacturing environment.

Chemical Name	OSHA PEL	OSHA PEL (ceiling)	ACGIH OEL (TWA)	ACGIH OEL (STEL)
141-43-5 ethanolamine	3 ppm	6 ppm	3 ppm	6 ppm
106-50-3 p-Phenylenediamine	0.1 mg/m3	0.1 mg/m3	0.1 mg/m3	0.1 mg/m3

General protective and hygienic measures: Keep away from foodstuffs, beverages and feed.

Immediately remove all soiled and contaminated clothing.

Wash hands before breaks and at the end of work.

Avoid contact with the skin.

Avoid contact with the eyes and skin.

Breathing equipment: Respiratory protection is not required for product use. For manufacturing of product, respiratory protection may be considered. Ensure that the respirator meets current local occupational health and safety standards. Organic vapor/acid gas cartridges should be utilized with filtering respiratory protection.

Protection of hands: Gloves should be worn when mixing kit components and applying mixture. For handling large quantities of material, such as in product manufacturing, nitrile or vinyl gloves should be considered for use. Tyvek clothing may also be suitable for handling large quantities of material in the manufacturing environment.

Eye protection: None required for product use. For handling of large quantities of liquid material, safety glasses with side shields/goggles are recommended.

Section 9: Physical and Chemical Properties

Form: Semi-viscous liquid

Odor: Characteristic

Odor threshold: NA

pH: >10

Melting point/melting range: NA

Boiling point/boiling range: NA

Flash point: NA

Evaporation rate: NA

Flammability: NA

Upper/lower flammability or explosive limits: NA

Auto ignition temperature: NA

Danger of explosion: NA

Vapor pressure: NA

Vapor density: NA

Relative density: 0.99

Solubility in/Miscibility with water: Partial

Section 10: Stability and Reactivity

Reactivity: No further relevant information available

Chemical stability: Stable under normal conditions; unstable with heat or contamination

Conditions to avoid: No further relevant information available

Hazardous decomposition products: No dangerous decomposition products known

Section 11: Toxicological Information

This product has NOT been tested on animals to obtain toxicology data. Toxicology data, found in scientific literature, is available for some of the components of the product but is not presented in this document

Acute toxicity: Moderate irritation to eyes and skin near affected areas. Additionally, high concentrations of vapors can cause drowsiness, dizziness, headaches and nausea.

Potential routes of exposure/potential health effects

Skin: May cause an allergic skin reaction. Skin Irritation.

Eye: Strong irritant with the danger of severe eye injury.

Inhalation: Over-exposure may cause respiratory irritation.

Ingestion: Harmful if swallowed.

Carcinogenic effects: No carcinogenic effects in humans is known.

Mutagenic effects: No mutagenic effects in humans is known.

Reproductive toxicity: No reproductive toxicity in humans is known.

Sensitization: No sensitization effects known.

Target organs: Primary irritant effect on eyes and skin.

Section 12: Ecological Information (non-mandatory)

Ecotoxicity: There is no specific data available for this product.

Mobility: There are no specific data available for this product.

Biodegradation: There are no specific data available for this product.

Bioaccumulation: There are no specific data available for this product.

Section 13: Disposal Considerations (non-mandatory)

As manufactured, this product does not exhibit any RCRA characteristics of hazardous waste. Controlled incineration at a licensed waste facility is the recommended technology for treatment and disposal.

Material must not be disposed of through sewage.

Follow all local governmental requirements intended for disposal.

Section 14: Transport Information (non-mandatory)

DOT regulations: Not Regulated

Air transport ICAO-TI and IATA-DGR: Not Regulated

Section 15: Regulatory Information (non-mandatory)

US Federal Regulations

SARA Section 313 (specific toxic chemical listings): p-Phenylenediamine are subject to the reporting requirements of SARA Title III, Sections 312/313.

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs): N/A

TSCA (Toxic Substances Control Act): All components of this product are listed in the TSCA Inventory or are exempt.

p-Phenylenediamine is found on the following state criteria list: FL, MA, MN, NJ, PA and WA

California Prop. 65: This product does not contain any chemicals known to State of California to cause cancer, birth defect, or any other reproductive harm.

Section 16: Other Information

Other Information: WARNING! CAUSES MILD SKIN IRRITATION. CAUSES EYE IRRITATION. HARMFUL IF INHALED. For external use only. Use only as directed. Discontinue use immediately if irritation develops. Keep away from children. Keep container tightly closed in a cool place. When using do not eat or drink. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Wear suitable protective clothing, gloves and eye/face protection. If case of accident or if you feel unwell seek medical advice immediately (show the label where possible).

KEEP LOCKED UP AND OUT OF REACH OF CHILDREN. CAN CAUSE AN ALLERGIC REACTION. Preliminary patch testing is recommended. Tattoos, including black and temporary henna, may increase the risk of allergy, If a severe allergic reaction should occur, immediately seek medical attention. This product must not be used for dyeing the eyelashes or eyebrows; to do so may cause blindness

Disclaimer: *This SDS has been prepared in accordance with the Globally Harmonized System of Chemical and Labeling of Chemicals (GHS) Fifth Edition and the OSHA Hazard Communication Standard [29 CFR 1910.1200]. The SDS information is based on sources believed to be reliable. Available data, safety standards, and government regulations are subject to change and the conditions of handling and use, or misuse are beyond our control; DeveloPlus Inc. makes no warranty, either expressed or implied, with respect to the completeness or continuing accuracy of the information contained herein and disclaims all liability for reliance thereon. Additional information may be necessary or helpful for specific conditions and circumstances of use. It is the user's responsibility to determine the suitability of this product and to evaluate risks and exercise appropriate precautions for protection of employees and others prior to use. The information contained herein relates only to the specific product(s). If this product(s) is combined with other materials, all component properties must be considered.*

SDS date of preparation/update: 09-03-2025

SAFETY DATA SHEET

Section 1: Identification

Product Name: No Gray Quick Renew Shampoo – Developer

Product Identifier: Developer for hair coloring

Recommended Use: Hair coloring

Company: DeveloPlus, Inc.

1575 Magnolia Ave.

Corona, CA 92879 U.S.A

Tel.: +1 951-738-8595

Fax: +1 951-738-8593

Web: www.developlus.com;

Hours of Operation

Monday-Friday 8.00 am – 5.00 pm (UTC-08:00)

Recommendations on use: Personal care product to be mixed with companion product(s) in accordance with instructions and applied to hair to aid in coloring.

Restrictions on use: For external use only. Use only as directed. See product packaging/insert for skin allergy test conditions.

Section 2: Hazard(s) Identification

Hazard Classification: Serious Eye Damage Category 1. Acute Toxicity Oral Category 4.

Signal Word(s): WARNING

Hazard Statements: Causes serious eye damage. Causes mild skin irritation

Pictograms:

This material is considered hazardous by the US Occupational Safety and Health Administration Hazard Communication Standard (29 CFR 1910.1200). Ingredients present at 1.0 % or greater which are classified individually as hazardous are indicated in Section 3. Ingredients present at 0.1% or greater which are classified individually as carcinogenic are indicated in Section 3.

Precautionary Statements: Wash thoroughly after handling. Wear protective gloves (nitrile or vinyl) and eye/face protection. IF IN EYES: Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor. If eye irritation persists, get medical advice/attention. KEEP OUT OF REACH OF CHILDREN. Over-exposure may cause skin dryness or slight irritation. Prolonged contact may lighten skin. Keep away from heat. Keep/Storage away from combustibles (e.g. paper), organics, and metals (e.g. iron). Take precaution to avoid mixing with combustible and organic materials.

Description of other hazards: None

Section 3: Composition/ Information on Ingredients

Chemical characterization: Mixtures

Description: Mixture of the substances listed below with nonhazardous additions. Hazardous substances present at 1.0 % or greater are indicated. Substance which may be considered carcinogenic are listed if present at 0.1% or greater.

Only hazardous constituents associated with the product are listed below

Chemical Name	CAS#	Conc.
Hydrogen Peroxide	7722-84-1	3%

Section 4: First-Aid Measures

After skin contact: May be irritating to skin, can cause allergic skin reaction in sensitive individuals such as rashes, welts, dermatitis. If irritation occurs and product is on the skin, rinse thoroughly with lukewarm water, followed by a thorough washing of the affected area with soap and water. If irritation, redness or swelling persists, contact a physician immediately.

After eye contact: May cause serious eye damage. Overexposure may result in redness, itching, irritation and watering. Splashes are not likely, however, if product gets in the eyes, flush cautiously with copious amounts of lukewarm water for at least 15 minutes. Remove contact lenses if present and easy to do so. Seek immediate medical attention.

After inhalation: No effects expected. Remove victim to fresh air immediately.

After swallowing: If swallowed, do not induce vomiting. Drink plenty of water or milk IMMEDIATELY. If victim is vomiting, continue to offer water or milk. Never give liquids to an unconscious person. Contact nearest Poison Control Center or local emergency number. Provide an estimate of time of when material was ingested along with the amount.

Acute Health Effects: Moderate irritation to eyes. Symptoms of overexposure may include redness, itching, stinging, irritation and watering. Moderate irritation to skin near affected areas.

Chronic Health Effects: No harmful or chronic health effects are expected to occur from a single accidental ingestion.

Section 5: Fire-Fighting Measures

This product is not flammable. However, if involved in a fire, this product may decompose at high temperatures which will release oxygen. As a result of combustion and thermal decomposition, oxidation products may form and exposure to such products may result in health hazards.

Suitable extinguishing agents: In case of fire: Use carbon dioxide, dry chemical, foam and/or water for extinction. Selection of a fire extinguisher should also be appropriate to address the location and equipment involved. Please review the tools available at your location to ensure proper availability of equipment.

Special protective equipment for firefighters: As in any fire, wear approved self-contained breathing apparatus (pressure-demand) and full protective gear. Firefighters must use full bunker gear including NIOSH-approved positive pressure self-contained breathing apparatus to protect against potential hazardous decomposition products.

Section 6: Accidental Release Measures

Personal precautions: Wear protective equipment. Keep unprotected persons away. Keep incompatible materials (organics such as oil) away from spill).

Measures for environmental protection: Do not allow to enter sewers/ surface or ground water.

Measures for cleaning/collecting: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent.

Dispose contaminated material as waste according to item 13.

Section 7: Handling and Storage

Work & Hygiene Practices: Do not eat, drink or smoke when handling this product. Wash thoroughly after handling. Avoid contact with eyes, skin, and clothing. Do not expose to heat and flame. Use only in ventilated areas. Keep out of the reach of children. Wash unintentional residues with soap and warm water.

Storage & Handling: Use and store in a cool, dry, well-ventilated location (e.g., local exhaust ventilation, fans) away from excessive heat and open flames. Avoid temperatures above 120°F. Keep away from incompatible substances. Protect containers from physical damage. Keep away from children at all times!

Special Precautions: Spilled material may present a slipping hazard. Clean up all spills promptly.

Section 8: Exposure Controls/Personal Protection

These criteria have been published by the referenced authority to establish exposure limits in the work environment. Employee work areas should be monitored to ensure that permissible limits are not exceeded during the workday. These references do not coincide with product use. These references are meant to be in association with the manufacturing environment.

Chemical Name	OSHA PEL	OSHA PEL (ceiling)	ACGIH OEL (TWA)	ACGIH OEL (STEL)
7722-84-1 Hydrogen Peroxide	1 ppm	1 ppm	1 ppm	1 ppm

General protective and hygienic measures: Keep away from foodstuffs, beverages and feed.

Immediately remove all soiled and contaminated clothing.

Wash hands before breaks and at the end of work.

Avoid contact with the skin.

Avoid contact with the eyes and skin.

Breathing equipment: Respiratory protection is not required for product use.

Protection of hands: Avoid skin contact due to sensitizing potential. Gloves should be worn when mixing kit components and applying mixture. For handling large quantities of material, such as in product manufacturing, nitrile or vinyl gloves should be considered for use. No other forms of special body protection are required under typical circumstances of use and handling.

Eye protection: Wear protective eyewear (safety glasses with side-shield) at all times when handling product. Always use protective eyewear when cleaning spills or leaks. Contact lenses pose special hazard, may absorb and concentrate irritants.

Section 9: Physical and Chemical Properties

Form: Liquid

Odor: None

Odor threshold: NA

pH: 3.5

Melting point/melting range: NA
Boiling point/boiling range: NA
Flash point: NA
Evaporation rate: NA
Flammability: NA
Upper/lower flammability or explosive limits: NA
Auto ignition temperature: NA
Danger of explosion: NA
Vapor pressure: NA
Vapor density: NA
Relative density: 1.0
Solubility in/Miscibility with water: Completely soluble in water

Section 10: Stability and Reactivity

Reactivity: No further relevant information available
Chemical stability: Stable under normal conditions; unstable with heat or contamination.
Conditions to avoid: Open flames, sparks and high heat, direct sunlight.
Hazardous decomposition products: Oxides of carbon and sulfur. Liberation of gas may result in dangerous pressure.
Incompatible Substances: Store away from flammable liquids, solids, aerosols and other incompatible materials such as reducing materials, combustible materials, metal contamination like iron, copper and their alloys. Avoid contamination. Do not store any tint, lightener lotion, or bleach powder after it has been mixed with developer, container may rupture. Never return unused material to original container. Avoid extreme heat and ignition sources.

Section 11: Toxicological Information

This product has NOT been tested on animals to obtain toxicology data. Toxicology data, found in scientific literature, is available for some of the components of the product but is not presented in this document
Acute toxicity: See section 4.
Potential routes of exposure/potential health effects
Skin: May cause an allergic skin reaction. Skin Irritation.
Eye: Causes serious eye damage.
Inhalation: Over-exposure may cause respiratory irritation.
Ingestion: Harmful if swallowed.
Carcinogenic effects: No carcinogenic effects in humans is known.
Mutagenic effects: No mutagenic effects in humans is known.
Reproductive toxicity: No reproductive toxicity in humans is known.
Target organs: Eyes, skin, ingestion.

Section 12: Ecological Information (non-mandatory)

Ecotoxicity: There is no specific data available for this product.
Mobility: There are no specific data available for this product.
Biodegradation: There are no specific data available for this product.
Bioaccumulation: There are no specific data available for this product.

Section 13: Disposal Considerations (non-mandatory)

Those responsible for the performance of disposal, recycling or reclamation activities should refer to Section 8 of this document for advice on personal protective equipment and exposure controls.

WASTE DISPOSAL CONTAINERS: Containers should be completely closed and meet applicable USDOT packaging specifications. Appropriate containers should be utilized which may include fiberboard boxes for products and plastic/lined drums for bulk liquids.

WASTE DISPOSAL METHOD: This product is ignitable (D001) RCRA hazardous wastes when intended for disposal. Physical and/or chemical deactivation at a hazardous waste facility is the recommended technology for treatment and disposal. This material must not be disposed through sewage. Follow all local governmental requirements intended for disposal.

Section 14: Transport Information (non-mandatory)

UN Number **NOT REGULATED (<8% Hydrogen Peroxide)**

Proper Shipping Name Hydrogen Peroxide solution, 3% - Non-Hazardous

Hazard Class Not applicable

Packing Group Not applicable

Environmental Hazards Not a marine pollutant

Special Precautions Store upright; avoid heat and sunlight

Section 15: Regulatory Information (non-mandatory)

US Federal Regulations

SARA Section 313 (specific toxic chemical listings): This product does not contain any substances subject to SARA Title III, section 313 reporting requirements.

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs): N/A

TSCA (Toxic Substances Control Act): All components of this product are listed in the TSCA Inventory or are exempt.

Hydrogen Peroxide is found on the following state criteria list: Florida Toxic Substances List (FL), Massachusetts Hazardous Substances List (MA), Minnesota Hazardous Substances List (MN), New Jersey Right-to-Know List (NJ), Pennsylvania Right-to-Know List (PA) and Washington Permissible Exposures List (WA).

California Proposition 65: This product does not contain any chemicals known to State of California to cause cancer, birth defect, or any other reproductive harm.

Section 16: Other Information

Other Information: For external use only. Use only as directed. Discontinue use immediately if irritation develops. Keep away from children. Keep container tightly closed in a cool place. When using do not eat or drink. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Wear suitable protective clothing, gloves and eye/face protection. In case of accident or if you feel unwell seek medical advice immediately (show the label where possible). KEEP LOCKED UP AND OUT OF REACH OF CHILDREN. CAN CAUSE AN ALLERGIC REACTION. Preliminary patch testing is recommended. Tattoos, including black and temporary henna, may increase the risk of allergy. If a severe allergic reaction should occur, immediately seek medical attention. This product must not be used for dyeing the eyelashes or eyebrows; to do so may cause blindness.
