## Typical Amino Acid Profile

(Average milligrams per serving naturally occurring; absolute values may vary.)

|               |          |   |                |          |   |                 |          |   |             |        |
|---------------|----------|---|----------------|----------|---|-----------------|----------|---|-------------|--------|
| Alanine       | 780 mg   | • | Histidine**    | 67 mg    | • | Lysine**        | 322 mg   | • | Threonine** | 159 mg |
| Arginine      | 660 mg   | • | Hydroxylysine  | 76 mg    | • | Methionine**    | 77 mg    | • | Tyrosine    | 45 mg  |
| Aspartic Acid | 500 mg   | • | Hydroxyproline | 1,021 mg | • | Phenylalanine** | 170 mg   | • | Valine**    | 198 mg |
| Glutamic Acid | 880 mg   | • | Isoleucine**   | 134 mg   | • | Proline         | 1,219 mg |   |             |        |
| Glycine       | 2,100 mg | • | Leucine**      | 256 mg   | • | Serine          | 292 mg   |   |             |        |

\*\*Essential Amino Acids.

**Contains 8 of 9 Essential Amino Acids.**

Not a significant source of protein. Collagen protein does not count toward the FDA recommended Percent Daily Value for protein because it lacks one essential amino acid: tryptophan.

**CAUTION:** Do not exceed suggested use. Pregnant, nursing mothers, individuals with a known medical condition, and individuals using prescription drugs or over-the-counter medications should consult a healthcare professional before using this or any dietary supplement. Discontinue use two weeks prior to surgery. Please use caution if you have allergies or sensitivities to any of the listed ingredients. Not intended for those under the age of 18. For use as a dietary supplement only. Do not use for weight reduction.

**Allergen warning: Fish (Cod, Snapper), Egg.**

Color and odor may vary from lot to lot.
