Re: Safety Data Sheet (SDS) Exemption Statement

This statement hereby confirms that Liquid I.V. products are food, which are exempt from Safety Data Sheet (SDS) and hazardous labeling requirements. Food does not fall within the category of hazardous chemicals as defined in the Occupational Safety and Health Administration Hazardous Communication Rule 29 CFR 1910.1200 (c).

In addition, products labeled as food under the Federal Food Drug and Cosmetic Act are specifically exempted from hazardous labeling.

Please do not hesitate to contact me with any further questions.
