

Safety Data Sheet

TERRO® Clothes Moth Killer

SECTION 1: Identification

1.1 GHS Product identifier

Product name	Terro® Clothes Moth Killer (Consumer use Pesticide)
Product number	T2901, T2903, T2906, T2902
Brand	Terro®

1.2 Other means of identification

EPA Registration Number 149-25

1.3 Recommended use of the chemical and restrictions on use

Clothes Moth Killer – Product label should be considered the legal, governing document for all aspects of this consumer use product. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1.4 Supplier's details

Name	Woodstream Corporation
Address	69 N. Locust St. Lititz PA 17543 USA
Telephone	800-800-1819

1.5 Emergency phone number

1-800-222-1222 (Poison Control), 1-800-858-7378 (National Pesticide Information Center) M-F 8am-12pm or <http://npic.orst.edu>

SECTION 2: Hazard identification

General hazard statement

This consumer product is not classified as hazardous to humans. This product contains a substance which is very toxic to aquatic organisms, and which may cause long term adverse effects in the aquatic environment. Never place this product into any drain, waterway, or body of water.

2.1 Classification of the substance or mixture

GHS classification in accordance with: OSHA (29 CFR 1910.1200)

Not a hazardous substance or mixture.

2.2 GHS label elements, including precautionary statements

Safety Data Sheet

Terro® Clothes Moth Killer

Not a hazardous substance or mixture.

2.3 Other hazards which do not result in classification

Signal Word: CAUTION

Hazard Statement: None required.

SECTION 3: Composition/information on ingredients

3.2 Mixtures

The product label is the legal, governing document for this consumer use pesticide.

Hazardous components

1. Transfluthrin (Bayothrin Technical)

Concentration 0.95% (weight)

CAS no. 118712-89-3

Trade secret statement (OSHA 1910.1200(i))

*The specific chemical identities and/or actual concentrations or actual concentration ranges for one or more listed components are being withheld as trade secrets under the US regulation 29 CFR 1910.1200(i).

SECTION 4: First-aid measures

4.1 Description of necessary first-aid measures

General advice	Refer to product label for first aid instructions
If inhaled	Refer to product label.
In case of skin contact	Refer to product label.
In case of eye contact	Refer to product label. Hold your eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.
If swallowed	Refer to product label. Call a poison control center or doctor immediately for treatment advice. Have person sip a drink of water if able to swallow. DO NOT induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

4.2 Most important symptoms/effects, acute and delayed

Inhalation - May cause irritation to the respiratory system.

Ingestion - May cause discomfort, stomach pain and/or vomiting

Skin Contact - Prolonged contact with skin may cause minor irritation and/or redness

Eye contact - May cause irritation to the eyes.

4.3 Indication of immediate medical attention and special treatment needed, if necessary

Contact a medical professional immediately if any negative symptoms persist or worsen. Always bring the product label with you.

SECTION 5: Fire-fighting measures

- 5.1 Suitable extinguishing media**
CO2 fire extinguisher until firefighting professionals arrive
- 5.2 Specific hazards arising from the chemical**
CO and CO2
- 5.3 Special protective actions for fire-fighters**
Follow professional firefighting guidelines. No special precautions noted.

SECTION 6: Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures**
Consumer use product. See product label for disposal
- 6.2 Environmental precautions**
This product is hazardous to aquatic life. Refer to product label. Never pour or place unused product down drains or into any body of water
- 6.3 Methods and materials for containment and cleaning up**
Refer to product label

SECTION 7: Handling and storage

- 7.1 Precautions for safe handling**
Refer to product label.
- 7.2 Conditions for safe storage, including any incompatibilities**
Refer to product label. Never place the product down any drains or into any body of water.

Specific end use(s)
Consumer use pesticide for killing clothes moths.

SECTION 8: Exposure controls/personal protection

- 8.2 Appropriate engineering controls**
None required. Consumer use pesticide, refer to product label for usage instructions, precautions and limitations.
- 8.3 Individual protection measures, such as personal protective equipment (PPE)**
- Eye/face protection**
Refer to product label.
- Skin protection**
Refer to product label.
- Body protection**
Refer to product label.
- Respiratory protection**
Refer to product label

Safety Data Sheet

Terro® Clothes Moth Killer

Thermal hazards

None

Control banding approach

NA

Environmental exposure controls

Never dump or place this product into any body of water. Toxic to aquatic life.

SECTION 9: Physical and chemical properties

Basic physical and chemical properties

Physical state	Liquid
Appearance	Gel/liquid
Color	Clear/violet
Odor	Unpleasant/mild
Odor threshold	Not Tested
Melting point/freezing point	Not Tested
Boiling point or initial boiling point and boiling range	135.9C
Flammability	Not Tested
Lower and upper explosion limit/flammability limit	Not Tested
Flash point	>100C
Auto-ignition temperature	Not Tested
Decomposition temperature	Not Tested
pH	4.73
Kinematic viscosity	17.05 +/- 0.41 centistokes/second
Solubility	Not Tested
Partition coefficient n-octanol/water (log value)	Not Tested
Vapor pressure	Not Tested
Evaporation rate	Not Tested
Density and/or relative density	.941 g/ml
Relative vapor density	Not Tested
Particle characteristics	Not Tested

Supplemental information regarding physical hazard classes

Nione

Further safety characteristics (supplemental)

None

SECTION 10: Stability and reactivity

10.1 Reactivity

There are no known reactivity hazards associated with this product.

10.2 Chemical stability

Stable when used and stored as directed by the product label.

10.3 Possibility of hazardous reactions

None known.

Safety Data Sheet

Terro® Clothes Moth Killer

10.4 Conditions to avoid

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

10.5 Incompatible materials

10% potassium permanganate solution.

10.6 Hazardous decomposition products

None known.

SECTION 11: Toxicological information

Information on toxicological effects

Acute toxicity

Dermal (single dose): LD50 > 5000mg/kg in male and female rats

Oral: LD50 = 1750mg/kg in female rats

Inhalation: Not tested

Skin corrosion/irritation

Exposure to product may cause an allergic reaction or skin irritation.

Serious eye damage/irritation

Classified as "mildly irritating" to the eyes.

Respiratory or skin sensitization

Respiratory: No information available. Skin Sensitization: Mild irritation.

Germ cell mutagenicity

No information available

Carcinogenicity

No information available

Reproductive toxicity

No information available

Summary of evaluation of the CMR properties

No information available

Specific target organ toxicity (STOT) - single exposure

No information available

Specific target organ toxicity (STOT) - repeated exposure

No information available

Aspiration hazard

None noted.

SECTION 12: Ecological information

Toxicity

Acute fish toxicity - very toxic to aquatic life

Safety Data Sheet

Terro® Clothes Moth Killer

Persistence and degradability

No data.

Bio accumulative potential

No data

Mobility in soil

Soluble in water and may spread through the soil.

Results of PBT and vPvB assessment

Not tested.

Endocrine disrupting properties

Not tested.

Other adverse effects

None noted.

SECTION 13: Disposal considerations

Product disposal

Refer to product label.

Packaging disposal

Refer to product label.

Waste treatment

Refer to product label.

Sewage disposal

Refer to product label.

Other disposal recommendations

Refer to product label.

SECTION 14: Transport information

DOT (US)

UN3082

Proper Shipping Name = Environmentally hazardous substance, liquid, n.o.s. (Transfluthrin)

Hazard Class = 9

Packing Group = 3

IMDG

UN3082

Proper Shipping Name = Environmentally hazardous substance, liquid, n.o.s. (Transfluthrin)

Hazard Class = 9

Packing Group = 3

EmS = F-A, S-F

Safety Data Sheet

Terro® Clothes Moth Killer

IATA

UN3082

Proper Shipping Name = Environmentally hazardous substance, liquid, n.o.s. (Transfluthrin)

Hazard Class = 9

Packing Group = 3

ERG Code = 9L

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations specific for the product in question

Clean Water Act: This product is classified as a Marine Pollutant (Transfluthrin) and should be prevented from contaminating soil or from entering sewage and drainage systems which lead to waterways.

TSCA Section 12(b) Export Notification (40 CFR 707, Sub. D): Not regulated.

CERCLA Hazardous Substance List (40 CFR 302.4): Not listed.

SARA 304 Emergency release notification: Not regulated.

Superfund Amendments and Reauthorization Act of 1986 (SARA) Hazard categories: Immediate Hazard - Yes
Delayed Hazard – No, Fire Hazard – No, Pressure Hazard – No, Reactivity Hazard – No

SARA 302 Extremely hazardous substance: Not listed.

SARA 311/312 Hazardous chemical: No

SARA 313 (TRI reporting): Not regulated.

Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List: Not regulated.

Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130): Not regulated.

Safe Drinking Water Act (SDWA): Not regulated.

US. California Proposition 65 California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

15.2 Chemical Safety Assessment

No Chemical Safety Assessment has been conducted.

This chemical is a pesticide product that is subject to certain labeling requirements under federal pesticide law (FIFRA). These requirements differ from the classification criteria and hazard information required for safety data sheets and for workplace labels of non-pesticide chemicals. The product label should always be consulted FIRST, as it is the legal governing document for this product.
