

# SAFETY DATA SHEET

Issuing Date 13-Nov-2024

Revision Date 13-Nov-2024

Revision Number 2

NGHS / English

The supplier identified below generated this SDS using the UL SDS template. UL did not test, certify, or approve the substance described in this SDS, and all information in this SDS was provided by the supplier or was reproduced from publically available regulatory data sources. UL makes no representations or warranties regarding the completeness or accuracy of the information in this SDS and disclaims all liability in connection with the use of this information or the substance described in this SDS. The layout, appearance and format of this SDS is © 2014 UL LLC. All rights reserved.

## 1. IDENTIFICATION

### Product identifier

**Product Name** YUMMILAND LIPGLOSS -BASE LIQUID - GARTH

### Other means of identification

**Product Code(s)** 1827175

### Recommended use of the chemical and restrictions on use

**Recommended Use** Toy containing Chemical, without VOC

**Restrictions on use** No information available

### Details of the supplier of the safety data sheet

**Supplier Identification** MGA Entertainment Inc.

**Address** 9220 Winnetka Ave  
Chatsworth  
CA  
CA 91311  
US

**Telephone** Phone:(800) 2224685  
Fax:(818) 2214409

**E-mail** rau@mgae.com

### Emergency telephone number

**Company Emergency Phone Number** (800) 2224685

## 2. HAZARDS IDENTIFICATION

### Classification

Not classified.

The product contains no substances which at their given concentration, are considered to be hazardous to health

Appearance Clear

Physical state Liquid

Odor Odorless

**GHS Label elements, including precautionary statements****Hazard statements**

Not classified.

**Other information**

**Unknown acute toxicity** 99.4 % of the mixture consists of ingredient(s) of unknown toxicity  
12 % of the mixture consists of ingredient(s) of unknown acute oral toxicity  
99.4 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity  
99.4 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas)  
99.4 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapor)  
99.4 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist)

**3. COMPOSITION/INFORMATION ON INGREDIENTS****Substance**

Not applicable.

**Mixture**

| Chemical name         | CAS No | Weight-% | Hazardous Material<br>Information Review Act<br>registry number (HMIRA<br>registry #) | Date HMIRA filed and<br>date exemption granted<br>(if applicable) |
|-----------------------|--------|----------|---------------------------------------------------------------------------------------|-------------------------------------------------------------------|
| Supplier Trade Secret | -      | 0 - 10%  | -                                                                                     | -                                                                 |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

**4. FIRST AID MEASURES****Description of first aid measures**

**Inhalation** Remove to fresh air.

**Eye contact** Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids.  
Consult a physician.

**Skin contact** Wash skin with soap and water.

**Ingestion** Clean mouth with water and drink afterwards plenty of water.

**Most important symptoms and effects, both acute and delayed**

**Symptoms** No information available.

**Indication of any immediate medical attention and special treatment needed**

Note to physicians Treat symptomatically.

## 5. FIRE-FIGHTING MEASURES

|                                                       |                                                                                                                                    |
|-------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b>                   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                            |
| <b>Large Fire</b>                                     | CAUTION: Use of water spray when fighting fire may be inefficient.                                                                 |
| <b>Unsuitable extinguishing media</b>                 | Do not scatter spilled material with high pressure water streams.                                                                  |
| <b>Specific hazards arising from the chemical</b>     | No information available.                                                                                                          |
| <b>Hazardous Combustion Products</b>                  | Carbon oxides.                                                                                                                     |
| <b>Explosion Data</b>                                 |                                                                                                                                    |
| <b>Sensitivity to Mechanical Impact</b>               | None.                                                                                                                              |
| <b>Sensitivity to Static Discharge</b>                | None.                                                                                                                              |
| <b>Special protective equipment for fire-fighters</b> | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. |

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

**Personal precautions** Avoid contact with eyes.

### Methods and material for containment and cleaning up

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Dam up. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers.

## 7. HANDLING AND STORAGE

### Precautions for safe handling

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place.

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Control parameters

**Exposure Limits** This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

**Appropriate engineering controls**

**Engineering controls** Showers  
Eyewash stations  
Ventilation systems.

**Individual protection measures, such as personal protective equipment**

**Eye/face protection** No special protective equipment required.

**Skin and body protection** No special protective equipment required.

**Respiratory protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice.

**9. PHYSICAL AND CHEMICAL PROPERTIES****Information on basic physical and chemical properties**

**Physical state** Liquid  
**Appearance** Clear  
**Odor** Odorless  
**Color** No information available  
**Odor Threshold** No data available

| <b><u>Property</u></b>                        | <b><u>Values</u></b> | <b><u>Remarks Method</u></b> |
|-----------------------------------------------|----------------------|------------------------------|
| <b>pH</b>                                     | UNKNOWN              |                              |
| <b>Melting / freezing point</b>               | No data available    | None known                   |
| <b>Boiling point / boiling range</b>          | No data available    | None known                   |
| <b>Flash Point</b>                            | 5001 C / 9033.8 F    |                              |
| <b>Evaporation Rate</b>                       | No data available    | None known                   |
| <b>Flammability (solid, gas)</b>              | No data available    | None known                   |
| <b>Flammability Limit in Air</b>              |                      |                              |
| <b>Upper flammability limit</b>               | No data available    |                              |
| <b>Lower flammability limit</b>               | No data available    |                              |
| <b>Vapor pressure</b>                         | No data available    | None known                   |

| <b>Relative density</b>                       | 1.1                  |                              |
| <b>Water Solubility</b>                       | No data available    |                              |
| <b>Solubility(ies)</b>                        | No data available    | None known                   |
| <b>Partition coefficient: n-octanol/water</b> | No data available    |                              |
| <b>Autoignition temperature</b>               | No data available    | None known                   |
| <b>Decomposition temperature</b>              | No data available    | None known                   |
| <b>Kinematic viscosity</b>                    | No data available    | None known                   |
| <b>Dynamic viscosity</b>                      | No data available    | None known                   |

**Other Information**

**Explosive properties** No information available  
**Oxidizing properties** No information available  
**Softening Point** No information available  
**Molecular Weight** No information available

|                            |                          |
|----------------------------|--------------------------|
| VOC Content (%)            | No information available |
| Liquid Density             | No information available |
| Bulk Density               | No information available |
| Particle Size              | No information available |
| Particle Size Distribution | No information available |

## 10. STABILITY AND REACTIVITY

|                                    |                                           |
|------------------------------------|-------------------------------------------|
| Reactivity                         | No information available.                 |
| Chemical stability                 | Stable under normal conditions.           |
| Possibility of Hazardous Reactions | None under normal processing.             |
| Hazardous Polymerization           | Hazardous polymerization does not occur.  |
| Conditions to avoid                | None known based on information supplied. |
| Incompatible materials             | None known based on information supplied. |
| Hazardous Decomposition Products   | Carbon oxides.                            |

## 11. TOXICOLOGICAL INFORMATION

### Information on likely routes of exposure

#### Product Information

|              |                                                                   |
|--------------|-------------------------------------------------------------------|
| Inhalation   | Specific test data for the substance or mixture is not available. |
| Eye contact  | Specific test data for the substance or mixture is not available. |
| Skin contact | Specific test data for the substance or mixture is not available. |
| Ingestion    | Specific test data for the substance or mixture is not available. |

### Symptoms related to the physical, chemical and toxicological characteristics

|          |                           |
|----------|---------------------------|
| Symptoms | No information available. |
|----------|---------------------------|

### Numerical measures of toxicity

#### Acute toxicity

|                        |                                                                                                  |
|------------------------|--------------------------------------------------------------------------------------------------|
| Unknown acute toxicity | 99.4 % of the mixture consists of ingredient(s) of unknown toxicity                              |
|                        | 12 % of the mixture consists of ingredient(s) of unknown acute oral toxicity                     |
|                        | 99.4 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity                 |
|                        | 99.4 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas)       |
|                        | 99.4 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapor)     |
|                        | 99.4 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist) |

#### Product Information

### Delayed and immediate effects as well as chronic effects from short and long-term exposure

---

|                                          |                           |
|------------------------------------------|---------------------------|
| <b>Skin corrosion/irritation</b>         | No information available. |
| <b>Serious eye damage/eye irritation</b> | No information available. |
| <b>Respiratory or skin sensitization</b> | No information available. |
| <b>Germ cell mutagenicity</b>            | No information available. |
| <b>Carcinogenicity</b>                   | No information available. |
| <b>Reproductive toxicity</b>             | No information available. |
| <b>STOT - single exposure</b>            | No information available. |
| <b>STOT - repeated exposure</b>          | No information available. |
| <b>Aspiration hazard</b>                 | No information available. |

## 12. ECOLOGICAL INFORMATION

|                                      |                                                                           |
|--------------------------------------|---------------------------------------------------------------------------|
| <b>Ecotoxicity</b>                   | The environmental impact of this product has not been fully investigated. |
| <b>Persistence and Degradability</b> | No information available.                                                 |
| <b>Bioaccumulation</b>               | No information available.                                                 |
| <b>Mobility</b>                      | No information available.                                                 |
| <b>Other adverse effects</b>         | No information available.                                                 |

## 13. DISPOSAL CONSIDERATIONS

### Waste treatment methods

|                                            |                                                                                                                 |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------|
| <b>Waste from residues/unused products</b> | Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation. |
| <b>Contaminated packaging</b>              | Do not reuse empty containers.                                                                                  |

## 14. TRANSPORT INFORMATION

|                             |                |
|-----------------------------|----------------|
| <b><u>DOT</u></b>           | NOT REGULATED  |
| <b>Proper Shipping Name</b> | NON-REGULATED  |
| <b>Hazard Class</b>         | N/A            |
| <b><u>TDG</u></b>           | Not applicable |
| <b><u>MEX</u></b>           | Not applicable |

---

## 15. REGULATORY INFORMATION

### Safety, health and environmental regulations/legislation specific for the substance or mixture

#### International Regulations

The Montreal Protocol on Substances that Deplete the Ozone Layer Not applicable

The Stockholm Convention on Persistent Organic Pollutants Not applicable

The Rotterdam Convention Not applicable

#### International Inventories

|               |                                                   |
|---------------|---------------------------------------------------|
| TSCA          | Contact supplier for inventory compliance status. |
| DSL/NDSL      | Contact supplier for inventory compliance status. |
| EINECS/ELINCS | Contact supplier for inventory compliance status. |
| ENCS          | Contact supplier for inventory compliance status. |
| KECL          | Contact supplier for inventory compliance status. |
| PICCS         | Contact supplier for inventory compliance status. |
| AICS          | Contact supplier for inventory compliance status. |

#### Legend

TSCA - United States Toxic Substances Control Act Section 8(b) Inventory  
 DSL/NDSL - Canadian Domestic Substances List/Non-Domestic Substances List  
 EINECS/ELINCS - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances  
 ENCS - Japan Existing and New Chemical Substances  
 KECL - Korean Existing and Evaluated Chemical Substances  
 PICCS - Philippines Inventory of Chemicals and Chemical Substances  
 AICS - Australian Inventory of Chemical Substances

#### US Federal Regulations

##### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

##### SARA 311/312 Hazard Categories

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications. Under the amended regulations at 40 CFR 370, EPCRA 311/312 Tier II reporting for the 2017 calendar year will need to be consistent with updated hazard classifications.

##### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

**US State Regulations****California Proposition 65**

This product contains the following Proposition 65 chemicals.

| Chemical name           | California Proposition 65 |
|-------------------------|---------------------------|
| Supplier Trade Secret - | Carcinogen                |

**U.S. State Right-to-Know Regulations**

This product does not contain any substances above threshold limits that are regulated by state right-to-know.

**16. OTHER INFORMATION**

|                    |                  |                |                    |                                    |

# SAFETY DATA SHEET

Issuing Date 21-Mar-2025

Revision Date 20-Mar-2025

Revision Number 1

NGHS / English

The supplier identified below generated this SDS using the UL SDS template. UL did not test, certify, or approve the substance described in this SDS, and all information in this SDS was provided by the supplier or was reproduced from publically available regulatory data sources. UL makes no representations or warranties regarding the completeness or accuracy of the information in this SDS and disclaims all liability in connection with the use of this information or the substance described in this SDS. The layout, appearance and format of this SDS is © 2014 UL LLC. All rights reserved.

## 1. IDENTIFICATION

### Product identifier

**Product Name** YL MINI GLAM LIP COLOR LIQUID

### Other means of identification

**Product Code(s)** 1845138

### Recommended use of the chemical and restrictions on use

**Recommended Use** Toy containing Chemical, without VOC

**Restrictions on use** No information available

### Details of the supplier of the safety data sheet

**Supplier Identification** MGA Entertainment Inc.

**Address** 9220 Winnetka Ave  
Chatsworth  
CA  
CA 91311  
US

**Telephone** Phone:(800) 2224685  
Fax:(818) 2214409

**E-mail** rau@mgae.com

### Emergency telephone number

**Company Emergency Phone Number** (800) 2224685

## 2. HAZARDS IDENTIFICATION

### Classification

|                                   |             |
|-----------------------------------|-------------|
| Skin corrosion/irritation         | Category 2  |
| Serious eye damage/eye irritation | Category 2A |
| Aspiration toxicity               | Category 1  |

**Appearance** Multiple Colors**Physical state** Liquid**Odor** Odorless**GHS Label elements, including precautionary statements****Danger****Hazard statements**

Causes skin irritation

Causes serious eye irritation

May be fatal if swallowed and enters airways

**Precautionary Statements - Prevention**

Wash face, hands and any exposed skin thoroughly after handling

Wear protective gloves/eye protection/face protection

**Precautionary Statements - Response**

Specific treatment (see supplemental first aid instructions on this label)

**Eyes**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

If eye irritation persists: Get medical advice/attention

**Skin**

IF ON SKIN: Wash with plenty of water and soap

If skin irritation occurs: Get medical advice/attention

Take off contaminated clothing and wash it before reuse

**Ingestion**

IF SWALLOWED: Immediately call a POISON CENTER or doctor

Do NOT induce vomiting

**Precautionary Statements - Storage**

Store locked up

**Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

**Other information****Unknown acute toxicity**

70 % of the mixture consists of ingredient(s) of unknown toxicity

70 % of the mixture consists of ingredient(s) of unknown acute oral toxicity

70 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity

70 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas)

70 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapor)

70 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist)

**3. COMPOSITION/INFORMATION ON INGREDIENTS****Substance**

Not applicable.

### Mixture

| Chemical name         | CAS No | Weight-% | Hazardous Material Information Review Act registry number (HMIRA registry #) | Date HMIRA filed and date exemption granted (if applicable) |
|-----------------------|--------|----------|------------------------------------------------------------------------------|-------------------------------------------------------------|
| Supplier Trade Secret | -      | 50 - 60% | -                                                                            | -                                                           |
| Supplier Trade Secret | -      | 10 - 20% | -                                                                            | -                                                           |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

## 4. FIRST AID MEASURES

### Description of first aid measures

|                                           |                                                                                                                                                                                                                                                                                                                                                                                                      |
|-------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General advice</b>                     | Immediate medical attention is required. Show this safety data sheet to the doctor in attendance.                                                                                                                                                                                                                                                                                                    |
| <b>Inhalation</b>                         | Aspiration into lungs can produce severe lung damage. If breathing has stopped, give artificial respiration. Get medical attention immediately. Remove to fresh air. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation. If breathing is difficult, (trained personnel should) give oxygen. Get immediate medical advice/attention. Delayed pulmonary edema may occur. |
| <b>Eye contact</b>                        | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Keep eye wide open while rinsing. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists. Do not rub affected area.                                                                                                                  |
| <b>Skin contact</b>                       | Wash off immediately with soap and plenty of water for at least 15 minutes. Get medical attention if irritation develops and persists.                                                                                                                                                                                                                                                               |
| <b>Ingestion</b>                          | Aspiration hazard if swallowed - can enter lungs and cause damage. Do NOT induce vomiting. If vomiting occurs spontaneously, keep head below hips to prevent aspiration. Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Get immediate medical advice/attention.                                                                 |
| <b>Self-protection of the first aider</b> | Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation. Use personal protective equipment as required. Avoid contact with skin, eyes or clothing.                                                                         |

### Most important symptoms and effects, both acute and delayed

|                 |                                                                                   |
|-----------------|-----------------------------------------------------------------------------------|
| <b>Symptoms</b> | Difficulty in breathing. Coughing and/ or wheezing. Dizziness. Burning sensation. |
|-----------------|-----------------------------------------------------------------------------------|

### Indication of any immediate medical attention and special treatment needed

|                           |                                                                                                                                                                   |
|---------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Note to physicians</b> | Because of the danger of aspiration, emesis or gastric lavage should not be employed unless the risk is justified by the presence of additional toxic substances. |
|---------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## 5. FIRE-FIGHTING MEASURES

|                                     |                                                                                                         |
|-------------------------------------|---------------------------------------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b> | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
| <b>Large Fire</b>                   | CAUTION: Use of water spray when fighting fire may be inefficient.                                      |

|                                                |                                                                                                                                    |
|------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Unsuitable extinguishing media                 | Do not scatter spilled material with high pressure water streams.                                                                  |
| Specific hazards arising from the chemical     | No information available.                                                                                                          |
| Hazardous Combustion Products                  | Carbon oxides.                                                                                                                     |
| Explosion Data                                 |                                                                                                                                    |
| Sensitivity to Mechanical Impact               | None.                                                                                                                              |
| Sensitivity to Static Discharge                | None.                                                                                                                              |
| Special protective equipment for fire-fighters | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. |

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

|                      |                                                                                                                        |
|----------------------|------------------------------------------------------------------------------------------------------------------------|
| Personal precautions | Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Use personal protective equipment as required. |
| Other Information    | Refer to protective measures listed in Sections 7 and 8.                                                               |

### Methods and material for containment and cleaning up

|                         |                                                                                                     |
|-------------------------|-----------------------------------------------------------------------------------------------------|
| Methods for containment | Prevent further leakage or spillage if safe to do so.                                               |
| Methods for cleaning up | Dam up. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. |

## 7. HANDLING AND STORAGE

### Precautions for safe handling

|                         |                                                                                                                                                                                                                             |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Advice on safe handling | Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash before reuse. |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### Conditions for safe storage, including any incompatibilities

|                    |                                                                                                                                                               |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage Conditions | Keep containers tightly closed in a dry, cool and well-ventilated place. Store locked up. Keep out of the reach of children. Store away from other materials. |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Control parameters

|                 |                                                                                                                                                             |
|-----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Exposure Limits | This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies. |
|-----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|

### Appropriate engineering controls

**Engineering controls**

Showers  
Eyewash stations  
Ventilation systems.

**Individual protection measures, such as personal protective equipment**

**Eyeface protection** If splashes are likely to occur, wear safety glasses with side-shields.

**Hand protection** Wear suitable gloves. Impervious gloves.

**Skin and body protection** Wear suitable protective clothing. Long sleeved clothing.

**Respiratory protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product. Avoid contact with skin, eyes or clothing.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

**Information on basic physical and chemical properties**

**Physical state** Liquid

**Appearance** Multiple Colors

**Odor** Odorless

**Color** No information available

**Odor Threshold** No data available

| <b><u>Property</u></b>                        | <b><u>Values</u></b> | <b><u>Remarks Method</u></b> |
|-----------------------------------------------|----------------------|------------------------------|
| <b>pH</b>                                     | UNKNOWN              |                              |
| <b>Melting / freezing point</b>               | No data available    | None known                   |
| <b>Boiling point / boiling range</b>          | No data available    | None known                   |
| <b>Flash Point</b>                            | No data available    | None known                   |
| <b>Evaporation Rate</b>                       | No data available    | None known                   |
| <b>Flammability (solid, gas)</b>              | No data available    | None known                   |
| <b>Flammability Limit in Air</b>              |                      |                              |
| Upper flammability limit                      | No data available    |                              |
| Lower flammability limit                      | No data available    |                              |
| <b>Vapor pressure</b>                         | No data available    | None known                   |
| <b>Vapor density</b>                          | No data available    | None known                   |
| <b>Relative density</b>                       | 1.1                  |                              |
| <b>Water Solubility</b>                       | No data available    |                              |
| <b>Solubility(ies)</b>                        | No data available    | None known                   |
| <b>Partition coefficient: n-octanol/water</b> | No data available    |                              |
| <b>Autoignition temperature</b>               | No data available    | None known                   |
| <b>Decomposition temperature</b>              | No data available    | None known                   |
| <b>Kinematic viscosity</b>                    | No data available    | None known                   |
| <b>Dynamic viscosity</b>                      | No data available    | None known                   |

**Other Information**

**Explosive properties** No information available

**Oxidizing properties** No information available

**Softening Point** No information available

**Molecular Weight** No information available

**VOC Content (%)** No information available

**Liquid Density** No information available

**Bulk Density** No information available

**Particle Size** No information available

Particle Size Distribution No information available

## 10. STABILITY AND REACTIVITY

**Reactivity** No information available.

**Chemical stability** Stable under normal conditions.

**Possibility of Hazardous Reactions** None under normal processing.

**Hazardous Polymerization** Hazardous polymerization does not occur.

**Conditions to avoid** None known based on information supplied.

**Incompatible materials** Strong acids. Strong bases. Strong oxidizing agents.

**Hazardous Decomposition Products** Carbon oxides.

## 11. TOXICOLOGICAL INFORMATION

### Information on likely routes of exposure

#### Product Information

**Inhalation** Specific test data for the substance or mixture is not available. Aspiration into lungs can produce severe lung damage. May cause pulmonary edema. Pulmonary edema can be fatal. May cause irritation of respiratory tract.

**Eye contact** Specific test data for the substance or mixture is not available. Causes serious eye irritation. (based on components). Irritating to eyes.

**Skin contact** Specific test data for the substance or mixture is not available. Causes skin irritation. (based on components). Repeated exposure may cause skin dryness or cracking.

**Ingestion** Specific test data for the substance or mixture is not available. Potential for aspiration if swallowed. May cause lung damage if swallowed. Aspiration may cause pulmonary edema and pneumonitis. May be fatal if swallowed and enters airways. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.

### Symptoms related to the physical, chemical and toxicological characteristics

**Symptoms** Difficulty in breathing. Coughing and/ or wheezing. Dizziness. Redness. May cause redness and tearing of the eyes.

### Numerical measures of toxicity

#### Acute toxicity

**Unknown acute toxicity** 70 % of the mixture consists of ingredient(s) of unknown toxicity  
70 % of the mixture consists of ingredient(s) of unknown acute oral toxicity  
70 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity  
70 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas)  
70 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapor)  
70 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist)

#### Product Information

**Component Information**

| Chemical name         | Oral LD50 | Dermal LD50          | Inhalation LC50                       |
|-----------------------|-----------|----------------------|---------------------------------------|
| Supplier Trade Secret | -         | > 2000 mg/kg ( Rat ) | > 19171 mg/m <sup>3</sup> ( Rat ) 4 h |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

|                                          |                                                                                        |
|------------------------------------------|----------------------------------------------------------------------------------------|
| <b>Skin corrosion/irritation</b>         | Classification based on data available for ingredients. Irritating to skin.            |
| <b>Serious eye damage/eye irritation</b> | Classification based on data available for ingredients. Causes serious eye irritation. |
| <b>Respiratory or skin sensitization</b> | No information available.                                                              |
| <b>Germ cell mutagenicity</b>            | No information available.                                                              |
| <b>Carcinogenicity</b>                   | No information available.                                                              |
| <b>Reproductive toxicity</b>             | No information available.                                                              |
| <b>STOT - single exposure</b>            | No information available.                                                              |
| <b>STOT - repeated exposure</b>          | No information available.                                                              |
| <b>Aspiration hazard</b>                 | May be fatal if swallowed and enters airways.                                          |

**12. ECOLOGICAL INFORMATION**

**Ecotoxicity** The environmental impact of this product has not been fully investigated.

| Chemical name         | Algae/aquatic plants | Fish              | Toxicity to microorganisms | Crustacea                            |
|-----------------------|----------------------|-------------------|----------------------------|--------------------------------------|
| Supplier Trade Secret | No data available    | No data available | No data available          | 48h EC50: > 100 mg/L (Daphnia magna) |

**Persistence and Degradability** No information available.

**Bioaccumulation**

**Component Information**

| Chemical name         | Partition coefficient |
|-----------------------|-----------------------|
| Supplier Trade Secret | 7.8                   |

**Mobility** No information available.

**Other adverse effects** No information available.

**13. DISPOSAL CONSIDERATIONS****Waste treatment methods**

**Waste from residues/unused products** Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Do not reuse empty containers.

## 14. TRANSPORT INFORMATION

| <b>AICS</b>          | Contact supplier for inventory compliance status. |

### Legend

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory  
**DSL/NDL** - Canadian Domestic Substances List/Non-Domestic Substances List  
**EINECS/ELINCS** - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances  
**ENCS** - Japan Existing and New Chemical Substances  
**KECL** - Korean Existing and Evaluated Chemical Substances  
**PICCS** - Philippines Inventory of Chemicals and Chemical Substances  
**AICS** - Australian Inventory of Chemical Substances

## US Federal Regulations

### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

### SARA 311/312 Hazard Categories

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications. Under the amended regulations at 40 CFR 370, EPCRA 311/312 Tier II reporting for the 2017 calendar year will need to be consistent with updated hazard classifications.

### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

### CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

## US State Regulations

### California Proposition 65

This product does not contain any Proposition 65 chemicals.

### U.S. State Right-to-Know Regulations

This product does not contain any substances above threshold limits that are regulated by state right-to-know.
